Companion To Petronius:

A Companion to Petronius Edward Courtney, 2001 Courtney has made a number of discoveries that future studies will find tremendously useful His observations on those Satyrical passages where Homer's *Odyssey* shines through deserve particular mention *Journal of Roman Studies* Edward Courtney presents an overall interpretation of Petronius Satyrical beginning with basic background information then surveying each episode in order that leading themes emerge Finally he gives an overview of Petronius use of literary allusion and symbolism and of his treatment of sex All Latin and Greek has been translated in a way which is sympathetic to the original

A Companion to Petronius Edward Courtney, 2001 Courtney presents an overall interpretation of Petronius Satyrical He begins with basic background information then surveys each episode in order that leading themes emerge

Christian Beginnings Stanley Stowers, 2023-01-08 Instead of treating Christianity as continuing a utterly unique Judaism alien to Mediterranean religion the book argues for a pervasive religious dynamic based on three modes the religion of everyday social exchange civic religion and the religion of freelance literate experts These modes that cut across ethnically defined cultures such as Judean Greek and Roman open a window onto a new way of reading the earliest Christian literature and of explaining its religiosity The chapters lay out the theory and then illustrate it in various ways with essays on the letters of Paul the Gospel of Matthew and issues surrounding the study of Christian beginnings This approach provides a different way to understand Judaism and Christianity within Mediterranean religion and its intellectual cultures by drawing on powerful new tools for theorizing religion more broadly

The Position of Roman Slaves Martin Schermaier, 2023-03-06 Slaves were property of their dominus objects rather than persons without rights These are some components of our basic knowledge about Roman slavery But Roman slavery was more diverse than we might assume from the standard wording about servile legal status Numerous inscriptions as well as literary and legal sources reveal clear differences in the social structure of Roman slavery There were numerous groups and professions who shared the status of being unfree while inhabiting very different worlds The papers in this volume pose the question of whether and how legal texts reflected such social differences within the Roman servile community Did the legal system reinscribe social differences and if so in what shape Were exceptions created only in individual cases or did the legal system generate privileges for particular groups of slaves Did it reinforce and even promote social differentiation All papers probe neuralgic points that are apt to challenge the homogeneous image of Roman slave law They show that this law was a good deal more colourful than historical research has so far assumed The authors primary concern is to make this legal diversity accessible to historical scholarship

The Facts on File Companion to the World Novel Michael Sollars, Arbolina Llamas Jennings, 2008

Authors, Authority and Interpreters in the Ancient Novel Gareth L. Schmeling, 2006 For most of us there are many masters and varied causes for intellectual peregrinations For the editors of this volume for many scholars of the ancient novel and for an uncounted number of students of Classics and the Humanities Gareth Lon Schmeling is a master and

motivator of our scholarly and academic careers especially of our forays into the ancient novel And above all Gareth is a true friend This volume of essays is a small and we hope representative offering of our thanks to Gareth for his contributions to the study of the ancient novel in particular and Classics in general for his guidance and support in our own endeavors and for his own special humanity **The Classical Review**, 1906 This companion to the Classical Quarterly contains reviews of new work dealing with the literatures and civilizations of ancient Greece and Rome Over 300 books are reviewed each year

Re-wiring the Ancient Novel: Roman novels and other important texts Edmund P. Cueva, 2018 The Fifth International Conference on the Ancient Novel which was held in Houston Texas in the fall of 2015 brought together scholars and students of the ancient novel from all over the world in order to share new and significant developments about this fascinating field of study and its important place in the field of Classical Studies The essays contained in these two volumes are clear evidence that the ancient novel has become a valuable part of the Classics canon and its scholarly attempts to understand the ancient Graeco Roman world *A Companion to Latin Studies* John Edwin Sandys, 1913 *An Illustrated Companion to World Literature* Tore Ulf Axel Zetterholm, Peter Quennell, 1986 **Hermathena**, 2001 **Red Fury**
