Team Leadership In Christian Ministry Kenneth O. Gangel, 1997-01-05

Team leadership is the exercise of one's spiritual gifts under the call of God to serve a certain group of people in achieving the goals God has given them toward the end of glorifying Christ. How is your church or organization governed? Does it have an authoritarian top-down administration? Is the ministry vision developed by a few top officials with little input from staff or volunteers? Today the definition of an effective leader has changed. No longer does the model leader manage like the Lone Ranger; either do it his way or no way. Today the model leader shares responsibility with fellow team leaders and seeks to serve them. In this complete revision of his earlier work *Building Leaders for Church Education*, Dr. Gangel carefully lays a biblical foundation for the team leadership model. This leadership is not dogmatic control or personality worship. It has no room for political power plays. Instead, it is Paul gently nurturing young Christians in his epistles. It is Barnabas willingly thrusting others into situations where they develop their own gifts. It is Christ choosing not one but twelve men to carry on His ministry. It is servant leadership. With examples, illustrations, and suggestions for further reading at the end of each chapter, Dr. Gangel prods and encourages the reader to move beyond the safety net of autocratic leadership into the rewarding, effective practice of leading with and through others.

Discovering Thomas Zanzig, 1999-12-31 *Discovering* is a comprehensive parish religion curriculum for adolescents, grades six to eight. Each section comprises a student booklet and an accompanying teaching guide, which is bound with a student booklet.

[Children's Spirituality, Second Edition](#) Kevin E. Lawson, Scottie May, 2019-06-13 *The Society of Children's Spirituality: Christian Perspectives* launched in 2003 with its first conference held at Concordia University Chicago in River Forest, Illinois. An earlier edition of this book, composed of chapters based on presentations from that conference, was published in 2004. In 2018, a decision was made to revise this book from the inaugural conference, updating some chapters and providing a new perspective on the ongoing work of the organization, now called the Children's Spirituality Summit. For example, given the advances in what we are learning from brain research, a chapter on this topic has been extensively updated. What this revised volume provides is a collection of chapters offering theological perspectives, social science research, and insights on ministry practice about the spiritual lives of children: how they relate to God, how this relationship grows, and what helps in promoting the spiritual formation and vitality of children in the home, church, and school. This book offers twenty-three chapters by professors, graduate students, social science researchers, and ministry leaders from different denominational traditions, addressing a wide range of issues in theory, research, and ministry practice with children. This second edition offers much to learn from, stimulate your thinking, and improve your practice.

Index to Jewish Periodicals, 1994 An author and subject index to selected American Anglo-Jewish journals of general and scholarly interests.
