Easy Essays:

Easy Essays Peter Maurin, 2010-05-01 I first met Peter in December 1932 when George Shuster then editor of The Commonweal later president of Hunter College urged him to get into contact with me because our ideas were so similar both our criticism of the social order and our sense of personal responsibility in doing something about it It was not that the world was too much with us as we felt that God did not intend things to be as bad as they were We believed that in the Cross was joy of Spirit We knew that due to original sin all nature travaileth and groaneth even until now but also believed as Juliana of Norwich said that the worst had already happened i e the Fall and that Christ had repaired that happy fault In other words we both accepted the paradox which is Christianity Peter s teaching was simple so simple as one can see from these phrased paragraphs these Easy Essays as we have come to call them that many disregarded them It was the sanctity of the man that made them dynamic Although he synopsized hundreds of books for all of us who were his students and that meant thousands of pages of phrased paragraphs these essays were his only original writings and even during his prime we used them in the paper just as he did in speaking over and over again He believed in repeating in driving his point home by constant repetition like the dropping of water on the stones which were our hearts Dorothy Day **Encyclopedia of the Essay** Tracy Chevalier, 1997 A hefty one volume reference addressing various facets of the essay Entries are of five types 1 considerations of different types of essay e g moral travel autobiographical 2 discussions of major national traditions 3 biographical profiles of writers who have produced a significant body of work in the genre 4 descriptions of periodicals important for their publication of essays and 5 discussions of some especially significant single essays Each entry includes citations for further reading and cross references Annotation copyrighted by Book News Inc Portland OR **The Cambridge History of the American Essay** Christy Wampole, Jason Childs, 2023-12-14 From the country s beginning essayists in the United States have used their prose to articulate the many ways their individuality has been shaped by the politics social life and culture of this place The Cambridge History of the American Essay offers the fullest account to date of this diverse and complex history From Puritan writings to essays by Indigenous authors from Transcendentalist and Pragmatist texts to Harlem Renaissance essays from New Criticism to New Journalism The story of the American essay is told here beginning in the early eighteenth century and ending with the vibrant heterogeneous scene of contemporary essayistic writing The essay in the US has taken many forms nature writing travel writing the genteel tradition literary criticism hybrid genres such as the essay film and the photo essay Across genres and identities this volume offers a stirring account of American essayism into the twenty first century *The Forgotten Radical* Peter Maurin Peter Maurin, 2020-08-04 The definitive edition of Catholic Worker cofounder Peter Maurin s Easy Essays including 74 previously unpublished works Although Peter Maurin is well known among people connected to the Catholic Worker movement his Catholic Worker co founder and mentee Dorothy Day largely overshadowed him Maurin was never the charismatic leader that Day was and some Workers found his idiosyncrasies

challenging Reticent to write or even speak much about his personal life Maurin preferred to present his beliefs and ideas in the form of Easy Essays published in the New York Catholic Worker Featuring 482 of his essays as well as 87 previously unpublished ones this text offers a great contribution to the corpus of twentieth century Catholic life At first glance Maurin s Easy Essays appear overly simplistic and preposterous But upon further investigation his essays are much more complex and nuanced Packed with demanding ideas meant to convey dense information and encourage the listener to ponder different ways to understand and interact with reality his short poetic phrases became his modus operandi for communicating his vision and became a hallmark of his public theology Each essay contained anywhere from one to ten or more stanzas and were part of a larger arrangement often titled Within the larger arrangements were individual essays which were also titled and arranged in such a manner as to support the overall thesis Many individual essays were later repeated in slightly altered forms in new arrangements Previous arrangements were also repeated that omitted or added an essay Providing scholarly and contextual information for the modern reader this annotated collection includes more than 350 footnotes which offer a layer of intelligibility that explains Maurin s use of obscure references to historical people and events that would have been common knowledge for readers during the 1930s When appropriate the footnotes explain why Maurin chose to cite a person or event A scholarly Introduction offers a robust synthesis of contemporary scholarship on Maurin and the Catholic Worker that considers radical Catholicism and questions regarding race ethnicity religious difference and gender because many of Maurin s essays take up these themes This book shapes the ways Maurin is read in the present day and the ways leftist Catholicism is understood as part of twentieth century history

Short Essays Gerald Henry Levin,1977

Political Theology Based in Community Marty Tomszak,2023-09-18 In Political Theology Based in Community Dorothy Day The Catholic Worker Movement and Overcoming Otherness Marty Tomszak sutures together the seemingly disparate realms of radical political theology communally oriented pedagogy the Catholic Worker movement and Catholic Social Teaching to carve a new way of doing ethics in our contemporary sphere Through an adoption of weak theology and anatheism brought into the fold by John Caputo and Richard Kearney specifically and partnering them with the groundbreaking work of Dorothy Day and Peter Maurin in their outpouring of works of mercy Tomszak highlights the hope present in radical hospitality for our world This hope is addressed to the distinct publics of the academy the Church and wider society as this radical ethic provides distinct answers for a multitude of current crises
