Treatment and Rehabilitation of the Chronic Alcoholic Benjamin Kissin,2012-12-06 The present volume contains a large variety of treatment approaches to the long term rehabilitation of the alcoholic ranging from the biological to the physiological to the psychological to the social The multiplicity of proposed therapies each of which has its strong proponents suggests that alcoholism is either a complex medical social disease syndrome requiring a multipronged treatment approach or a very simple illness for which we have not yet discovered the remedy The latter may indeed be true but we cannot use what we do not know and must use what we do know We do however have the obligation to be responsible in our treatment to provide the best that is known at this time and to be discriminating in our prescription of appropriate treatment for individual patients If there is one conclusion we would like to offer in our preface it is that alcoholics constitute a markedly heterogeneous population with widely disparate needs for whom at least at our present level of knowledge a broad spectrum of treatment modalities is necessary If this is true then probably most of this book has validity With this volume on the treatment and rehabilitation of the chronic alcoholic we bring to completion our five volume series The Biology of Alcoholism As the title of the present volume indicates we have departed from our original intention to deal solely with biological aspects of the syndrome and have attempted rather to produce a more comprehensive work

Undelivered Letters to Hudson's Bay Company Men on the Northwest Coast of America, 1830-57 Helen M. Buss,Judith

Hudson Beattie,2011-11-01 In the early nineteenth century when the Hudson's Bay Company sent men to its furthest posts along the coast of North America's Pacific Northwest the letters of those who cared for those men followed them in the Company's supply ships Sometimes these letters missed their objects the men had returned to Britain or deserted their ships or died The Company returned the correspondence to its London office and over the years amassed a file of undelivered

letters Many of these remained sealed for 150 years and until they were opened by archivist Judith Hudson Beattie when the Company archives were moved to Canada These letters tell the fascinating stories of ordinary people whose lives are rarely recounted in traditional histories Beattie and Helen M Buss skilfully introduce us to both the lives of the letter writers and their would be recipients Their commentaries frame for contemporary readers the words of early nineteenth century working and middle class British folk as well as letters to voyageurs from Quebec The stories of their lives fathers struggling to support a family widowed mothers yearning to see their sons bereft sweethearts left behind and wives raising their children alone reach out over two centuries to offer rare insight into the varied worlds of men and women in the early nineteenth century many of whom became settlers in Washington Oregon and the new British colony of Vancouver Island *Ellis V.
