**Wonder as a New Starting Point for Theological Anthropology** José Francisco Morales Torres, 2023-04-04 In *Wonder as a New Starting Point for Theological Anthropology Opened by the World* Jos Francisco Morales Torres constructs a new theological anthropology that begins with wonder He contends that the visceral experience of wonder is an opening up of the human by an excess that saturates the world This opened by ness points to a transforming receptivity as the basis of the person and to an extravagant Generosity that grounds all creation Thus wonder which is grounded in generous Excess is not only a gift but a demand it calls for a liberative praxis that resist the forces that flatten the fullness of life into what is useful and profitable and that reduce the limitless worth of fellow humans to mere commodities to be exploited and exchanged at the altar of the idolatrous Market Wonder reveals a primordial receptivity in the human person which demands of us an ethic of sustainability that does not reduce the other to commodity a vulnerability that risks being opened by the other a commitment to solidarity and liberation that resist the forces of an insatiable idolatrous Market that seeks only to steal and kill and destroy *Creating and Preserving Digital Records in Government, Science, and the Arts* US-InterPARES Project, 2007

**T&T Clark Handbook of Edward Schillebeeckx** Stephan van Erp, Daniel Minch, 2019-09-05 Written by leading experts on both the thought of Edward Schillebeeckx and modern theology this handbook offers the first comprehensive study of the historical philosophical political and theological aspects of Schillebeeckx s work As one of the most influential Catholic theologians of the twentieth century he played a key role in the preparations for the theological revolution of the Second Vatican Council and the debates of the post conciliar era His engagement with critical theory hermeneutics and biblical scholarship culminated in his groundbreaking Christological trilogy which marked Schillebeeckx as one of the most significant and innovative thinkers of his time By building an overview of recent research into Schillebeeckx s writing the contributors shed new light on his influence and ongoing relevance in contemporary theology Beginning with the roots of Schillebeeckx s views on metaphysics spirituality and faith the essays then move to his work during and after the Second Vatican Council and then to his engagement with new directions in philosophy and his renewal of classical topics such as creation theological and soteriological anthropology and eschatology Culminating with an analysis of theology and culture this handbook thoroughly explores the implications of Schillebeeckx s theology for a contemporary readership

**Connecting Jesus to Social Justice** Thomas Hughson, 2013-10-10 Many Christians see the societal dimension of their faith as a matter of biblical and social ethics Returning to classical Christology *Connecting Jesus to Social Justice* explores messianic potential in the Council of Chalcedon on the divine identity of Christ Who Jesus is makes all the difference to Christian entrance into the public sphere on behalf of a just society The Messiah s divinity bears on social mission directed toward a just social order Theological appropriation of Chalcedon overcomes a gap between the professing the Creed and interpreting social existence in light of a just social order *Connecting Jesus to Social Justice* argues a doctrinally traditional

orthodox basis for Christian participation in the public sphere on behalf of social justice The book addresses a situation internal to churches in the U S from a Catholic perspective yet not without analogies in other churches and Christian movements Applying traditional Christology to contemporary social mission solidifies an answer to adversarial queries on the appropriateness of a social agenda Implications in the classical Christology also confirm churches and discipleship in commitment to social justice promoted through a subaltern counter public and then by word and deed in the public sphere

God's Poetic and Creational Word Joseph Potenza,2019-03-12 This little book is an introduction to God s Word view of how all of scripture speaks of past present and future tense continually This book is self explanatory because I believe in the spirit of the simple and the depth of the obvious

**Hegel's God** William Desmond,2017-07-05 Hegel is widely regarded as one of the major thinkers of the modern era if not the entire tradition of philosophy Hegel like many philosophers took seriously traditional philosophical perplexities about God but unlike many modern philosophers he claimed to take the specific characteristic of Christianity into account in his philosophizing This book presents a new examination interpretation and critical engagement with Hegel s philosophy of religion and with his concept of God in particular William Desmond explores the distinctive stresses of Hegel s approach to God the influence it has exerted and the fundamental problems that his approach exhibits

**Black Women and Breast Cancer** Elizabeth A. Williams,2018-11-16 Christian theology at its core is a story about someone being in trouble In response to this trouble the triune God intervenes God identifies with those in trouble walking with them through the experience Yet the God of Christian theology goes a step further God prevails over trouble God is an overcomer Black women with breast cancer identify with this God They also see themselves in this theological narrative They see themselves in the midst of troubles troubles like racism poverty and environmental exposures that create the disease affecting their bodies They see the troubles of breast cancer their biological disposition towards more aggressive cancers

later stage diagnoses poorer prognoses diminished quality of care and worse outcomes Black women also palpably feel the troubles breast cancer brings like fear physical disfigurement social isolation being stereotyped for treatment decisions abandonment and even death Black women feel the myriad troubles breast cancer brings But Black women also know God in their troubles They know an active God who identifies with and prioritizes their needs They know this God through scripture and experience as God who puts them front and center And because they know God as an overcomer and creative force they know themselves as overcomers For with God their troubles do not last always Black women with breast cancer construct a cultural theology of breast cancer out of knowing God Borne out of experiences of the Black Church womanist theology and their intersectional identities of race class and gender this theological investigation informed by anthropology examines how Black women construct an ontology of who God is and how God operates and gain a God consciousness that shapes their response to the disease Using pain faith and testimony as tools to struggle against breast cancer Black survivors theology transforms them from victims of breast cancer to change agents Out of their lives as survivors comes a theology of complex hope one cognizant of Black women s breast cancer disparities yet oriented towards Black women s achievement of health in the present and the future a sufficient hope to sustain Black women through it all **Creating Capital** Frederick L.
