Blue Rider Geraldo Valério, 2018-03-01 A dazzling vision of the way art transcends the everyday Publishers Weekly STARRED REVIEW On a gray and crowded city sidewalk a child discovers a book That evening the child begins to read and is immediately carried beyond the repetitive sameness of an urban skyscape into an untamed natural landscape The child experiences a moment of true joy and as if in response to that single blissful moment people seem to come alive in all the other rooms of the apartment block Thanks to the power of one book an entire society is transformed In creating this book Geraldo Val rio was inspired by the German Expressionist group known as Der Blaue Reiter The Blue Rider which formed in Munich in 1911 and included painters Franz Marc and Wassily Kandinsky These artists sought to find the spiritual significance in art with an emphasis on form and color In turn Val rio has created a wordless book that speaks volumes about how art can transform us beyond the sometimes dreary world of the everyday Correlates to the Common Core State Standards in English Language Arts CCSS ELA LITERACY RL 1 1 Ask and answer questions about key details in a text

Kandinsky's Quest Igor Aronov, 2006 This book studies Vasily Kandinsky's 1866-1944 pre-1908 figurative art that formed the basis for his later abstractions. It analyzes many published and unpublished facts of the artist's life and work and brings together numerous historical comparative data from painting literature, the social sciences, ethnography, folklore, esthetics, and philosophy. This study penetrates deeply into Kandinsky's inner world and breaks new ground by interpreting the artist's enigmatic early imagery as his personal, many-layered symbolism that expresses his complex personality, his internal responses to Russian and Western European life and culture, and his quest for spiritual truths.

Looking at Mindfulness Christophe Andre, 2016-07-05 A book to help you achieve mindfulness and practice meditation while looking at the world's greatest works of art. Psychiatrist and leading meditation practitioner Christophe Andr guides you through the art of mindfulness, beginning with art itself. *Looking at Mindfulness* collects classic and esoteric paintings from Rembrandt to Hopper to Magritte and offers a lucid commentary on the inner workings of each. Andr describes the dynamic on the canvas and turns to the viewer's own reactions, exploring the connection between what we see and what we feel. Moving beyond the art on the page, Andr teaches us what it means to consider our surroundings, our daily interactions and obligations, and their effect on our inner well-being and mental clarity. The paintings are a visual and tangible first step to understanding mindfulness and the benefits of living in the moment. In practicing mindfulness within ourselves and out in the world, each of us can make immediate, meaningful, and permanent changes in our well-being and the well-being of others. Beautifully written, wonderfully accessible for any novice or expert, *Looking at Mindfulness* delivers practical steps and a comprehensive understanding of the practice and meaning of mindfulness and meditation. An authentic and effortless voice, Andr brings clarity to what it means to live mindfully and how we can make a more conscious effort to do so.

The Life and Death of Sophie Stark Anna North, 2016-06-14 Winner of the 2016 Lambda Literary Award for Bisexual Fiction. I read *The Life and Death of Sophie Stark* with my heart in my mouth. Not only a dissection of genius and the havoc it can wreak, but also a thunderously good story. Emma Donoghue, New York Times bestselling author of *Room*. This novel is perceptive, subtle, funny, and lingers in unexpected ways. The analysis of a woman who puts her art above all else is equal parts inspiration and warning story. Anna North makes prose look easy.

Lena Dunham: Who is Sophie Stark? A brilliant filmmaker, a lover, a wife, a friend, a traitor. A troubled misfit who becomes a star at great cost to the people who love her and ultimately to herself. Gripping and provocative. *The Life and Death of Sophie Stark* is a story of the power of art to transform lives and to destroy them, and of an artist's drive to create something greater than herself, even if it means sacrificing everything and everyone she loves.

Imperial Culture in Germany, 1871-1918 Matthew Jefferies, 2020-10-01 It has often been suggested

that artists and writers in Germany's imperial era shunned social engagement preferring instead apolitical introspection. However, as Matthew Jefferies reveals, whether one looks at the painters, poets, and architects who helped to create an official imperial identity after 1871, the cultural critics and reformers of the later 19th century, or the new generation of cultural producers that emerged in the years around 1900, the social, political, and cultural were never far apart. In this attractively illustrated book, Jefferies provides a lively introduction to the principal movements in German high culture between 1871 and 1918 in the context of imperial society and politics. He not only demonstrates that Germany's Imperial culture was every bit as fascinating as the much better known Weimar culture of the 1920s but argues that much of what came later has origins in the imperial period. Filling a significant gap in the current historiography, this study will appeal to all those with an interest in the rich and diverse culture of Imperial Germany.

Experimental Cinemas in State-Socialist Eastern Europe Ksenya Gurshtein, Sonja Simonyi, 2025-10-01. Was there experimental cinema behind the Iron Curtain? What forms did experiments with film take in state socialist Eastern Europe? Who conducted them, where, how, and why? These are the questions answered in this volume, the first of its kind in any language. Bringing together scholars from different disciplines, the book offers case studies from Bulgaria, the Czech Republic, former East Germany, Hungary, Poland, Romania, and former Yugoslavia. Together, these contributions demonstrate the variety of makers, production contexts, and aesthetic approaches that shaped a surprisingly robust and diverse experimental film output in the region. The book maps out the terrain of our present-day knowledge of cinematic experimentalism in Eastern Europe, suggests directions for further research, and will be of interest to scholars of film and media art, historians, cultural historians of Eastern Europe, and anyone concerned with questions of how alternative cultures emerge and function under repressive political conditions.
