Blue Shift:

GRAVITATION ZOLTAN J. KISS,2013-08-07 Gravitation the sphere symmetrical expanding acceleration of Earth means Earth's surface is falling under our feet The surface of the Earth is accelerating together with us We are taken by the surface of the Earth Earth's surface is approaching us as if having been in free fall While we have all the evidence to prove it through all of our everyday life and all of our actions it is so strange that it is difficult to believe We do not trust our intuition or experience because it is so unbelievable This book on Gravitation our Quantum Treasure does not want to convince you of the truth of the above The purpose of the book is to show that Nature is granting us the chance to use the infinite energy capacity of gravitation The future is about motion and electricity generation based on gravitation The book's conclusions are based on process approach on quantum energy and mass balance on elementary proton neutron electron quark and other processes on the definition of time and the understanding of intensity Our life is constantly changing The key is the balance The book gives arguments and explanations describes events on quantum basis It provides the perspective for the utilisation of Gravitation our Quantum Treasure

QUANTUM ENERGY AND MASS BALANCE Zoltan J Kiss,2013-08-13 In his second book Zoltan J Kiss brings his original research on the energy balance of relativity to a revolutionary conclusion He proves that the quantum energy impact of the Earth provides mankind with an energy surplus a gift for us to use His book is exciting reading even for non physicists The quantum energy based explanations grant the book a specific value Reading the book you will be participating in discussions among many others on the quantum energy and mass balance of the atomic structure of elements the magnet the speed of light the plasma the nature of water and fire and on electric hydrocarbon and nuclear engines The author's relativistic quantum approach is fascinating Proofs have been provided through mathematics but also supplemented with practical examples Zoltan J Kiss successfully achieves his aim He shows that we have a potential new energy source to exploit This is the quantum energy impact of the motion of the Earth

A Child's Garden of Physics James Carter,2015-03-29 This is an autobiography of my life and the development of my physics theories It describes the three principles of Circlon Synchronicity Photon's have mass gravity falls up and electrons shrink It contains complete descriptions and calculations of matter photons and gravity There is a step by step description of the evolution of the universe from before its beginning creation of 2256 atoms to the present with an exact Blackbody temperature of 2 726 K There are hundreds of drawings and illustrations of experiments atoms and photons There is a drawing of the nuclear structure of the most common isotope of each of the chemical elements This book is based on Newtonian force and motion but it also examines the deep philosophical and psychological foundations of Quantum Mechanics and the Special and General theories of Relativity Non dimensional point particle theories are replaced with the Fine Structure constant and the Bohr radius to provide the measured circlon shape and size
