

Review of Brockmann, S. (Ed.) (2021). *Brecht in context*. Cambridge University Press.

Katja Frimberger

The views and opinions expressed in the book reviews are those of the authors and do not necessarily reflect the position of SCENARIO.

President of the International Brecht Society Stephen Brockmann's edited volume *Bertolt Brecht in Context* gathers world-leading Brecht scholars from around the globe (many of the German essays are translated by Brockmann himself) - to curate an exciting collection of scholarly essays on German playwright, poet and intellectual Bertolt Brecht. The sheer diversity and breadth of the individual essays (and the various specialisms of its contributors) make it difficult to distil the book's scholarly focus in terms of a set of academic questions, which the book then sets out to answer. This is however not a weakness but rather a strength of the current collection. There are of course other edited works on Brecht's life, oeuvre and impact, which have (successfully) taken a different editorial path. These have circumscribed their topic and drawn intellectual boundaries more tightly, to give an in-depth and cohesive overview of specific spheres of Brecht's activity (*Wirkungsfelder*). Just to name an eclectic few of these edited volumes for comparison - all of which are also quoted in the reviewed volume. Bradley and Leeder's (2011) edited volume looks at Brecht's life and influence in/on the German Democratic Republic (GDR) - its theatre, politics and public life; Kuhn's and Leeders (2002) collection of essays explore Brecht's poetry; and Tatlow and Wong (1982) edited a book on Brecht's intellectual and artistic relationship with East Asia.

In contrast, Brockmann's current collection takes a broader, and perhaps more ambitious, approach to curate its chapters. Rather than organising the essays along the lines of a specific *Wirkungsfeld*, it opens out the breadth, richness, complexity, and the resulting tensions (and at times non-synthesisable nature) of Brecht's ideas, work and influence across his lifetime. The envisioned audience (I would include the Brecht-curious as well as the Brecht-specialist) is hereby trusted to be able to navigate the books' broad intellectual landscape without too much editorial hand-holding. In a rather Brechtian spirit, the readership is conceived - as Brecht put it in a 1935 New York Times article (found in Brecht, 1978, p. 79) - as a "a collection of individuals, capable of thinking and of reasoning, of making judgements (...)". In other words, "it [epic theatre; here the editorial process] treats it as individuals of mental and

Wreading Jed Rasula, 2022-03-29 Jed Rasula is a preeminent scholar of avant garde poetics noted for his erudition intellectual range and critical independence He s also a gifted writer his recent books have won praise for their entertaining clear prose in addition to their scholarship He is also an alumnus of UAP s distinguished Modern and Contemporary Poetics series which published his *Syncopations* fifteen years ago Rasula returns to the MCP series with *Wreading* A collection of essays interviews and occasional writings that reflects the breadth and diversity of his curiosity One

of the referees likened Wreathing to a victory lap but one that sets its own further record in the taking This is a collection of highlights from Rasula s shorter critical pieces but also a carefully assembled and revised intellectual autobiography Wreathing consists of two parts an assortment of Rasula s solo criticism and selected interviews and conversations with other critics and scholars Evelyn Reilly Leonard Schwartz Tony Tost Mike Chasar Joel Bettridge and Ming Qian Ma The collection opens with a trio of essays that complicate the idea of a poet By interrogating the selection of poets for anthologies in the 20th century Rasula identifies a host of forgotten poets once prominent but now forgotten Another essay on the state of the poetry anthology reveals how much influence literary gatekeepers have and what a reimagination of the anthology form could make possible In subsequent chapters Rasula finds surprising overlap between Dada and Ralph Waldo Emerson charts the deep links between image and poetic inspiration and reckons with Ron Silliman s *The Alphabet* a UAP classic In the book s second half Rasula engages in detailed conversations with a roster of fellow critics Their exchanges confront ecopoetics the corporate university the sheer volume of contemporary poetry and more This substantial set of dialogues gives readers a glimpse inside a master critic s deeply informed critical practice and lists his intellectual touchstones The balance between essay and interview achieves a distillation of Rasula s long established idea of wreathing In his original use the term denotes how any act of criticism inherently adds to the body of writing that it purports to read how Rasula couldn t help but participate in his favorite poems In this latest form Wreathing captures a critical perception that sparks insight and imagination no matter what it sees
