Bridge At Dong Ha:

The Bridge at Dong Ha Estate of John G. Miller, 1996-08-19 This is the true story of the legendary Vietnam War hero John Ripley who braved intense enemy fire to destroy a strategic bridge and stall a major North Vietnamese invasion into the South in April 1972 Told by a fellow Marine the account lays bare Ripley's innermost thoughts as he rigged 500 pounds of explosives by hand walking the beams beneath the bridge crimped detonators with his teeth and raced the burning fuses back to shore thus saving his comrades from certain death First published in 1989 the book has broad appeal as a riveting tale of adventure But John Miller has taken this daring act of heroism beyond the specifics of time and place to provide new insights into the nature of war and warriors characteristics that have remained unchanged for centuries and will remain valid for generations to come It has been on the Marine Corps Commandant's recommended reading list since 1990 Newly illustrated by Col Charles Waterhouse USMCR Ret **Armor**, 1974 *Break in the Chain—Intelligence Ignored* W. R. Baker, 2021-07-31 A riveting combination of war memoir and analysis providing valuable insights into the role of military intelligence in Vietnam International Journal of Intelligence and Counterintelligence For the first two weeks of the Easter Offensive of 1972 the 571st Military Intelligence Detachment provided the only pertinent collateral intelligence available to American forces Twice daily the Detachment provided intelligence to the USS Buchanan DDG 14 US Navy SEALs and Special Forces units including tactical and strategic forecasts of enemy movements information that was otherwise unavailable to U S units and advisors in country Bob Baker was an intelligence analyst who was there In the weeks before the offensive vital agent reports and verbal warnings by the 571st MI Detachment had been ignored by all the major commands they were only heeded and then only very reluctantly once the offensive began This refusal to listen to the intelligence explains why no Army or USMC organizations were on call to recover prisoners discovered or U S personnel downed behind enemy lines as in the BAT 21 incident as the last two Combat Recon Platoons in Vietnam had been disbanded six weeks before the offensive began The lessons and experiences of Operation Lam Son 719 in the previous year were ignored especially with regard to the NVA's tactical use of tanks and artillery In his memoir Baker the only trained military intelligence analyst with the 571st MI Detachment in 1972 reveals these and other heroics and blunders during a key moment in the Vietnam War **Warriors of the Sea** Michael Martin, 2002-06-15 The Vietnamese Marines were a proud and well disciplined combat force generally committed on short notice for independent or joint ground operations They were the fire brigade of the Armed Forces of South Vietnam Little has been known or written about one of the most elite combat units of the Vietnam War the Vietnamese Marines until now This is their story and that of their American Advisors CO VANs who served with them it is a book of lasting value with personal stories and photographs from the Marines who were there While others abandoned and retreated the Vietnamese Marines fought and died with their U S Marine Advisors by their sides not one major Vietnamese Marine Corps unit surrendered This is not only the story of the Advisors and the U S Advisory unit but

also the history of the Vietnamese Marine Corps that evolved in 1954 from a few naval commando and French riverine force units through nineteen years of never ending combat into a highly elite military organization a unit fiercely proud of its accomplishments and fighting ability a unit that symbolized the title Marines Warriors of the Sea is the book that finally tells the true story of the Vietnamese Marines and provides an insight into the courage leadership dedication and tenacity of another skilled group of Marines the US Marine Advisors who lived with advised and trained their Vietnamese counterparts It is through them that you are shown at close quarters the action heartbreak and humor violence and terror of combat alone The heat monsoon rains smells and sounds with the strangeness of the Orient comes alive on each page For Marines of all eras it is a must for your library for the historian hobbyist and the military enthusiast it is a collectors item There are rare photographs like the French Marine Advisors original color plates of the Marine medals patches flags and uniforms Anyone interested in Vietnam and the elite forces who fought there will relish the viewing and reading about the honorable heroics of the Sea Tigers and their American Advisors

South Vietnamese Soldiers Nathalie Huynh Chau Nguyen, 2016-03-21
Published on the 40th anniversary of the end of the war in Vietnam this book brings to life the experiences and memories of South Vietnamese soldiers the forgotten combatants of this controversial conflict South Vietnam lost more than a quarter of a million soldiers in the Vietnam War yet the histories of these men and women are largely absent from the vast historiography of the conflict By focusing on oral histories related by 40 veterans from the former Republic of Vietnam Armed Forces this book breaks new ground shedding light on an essentially unexplored aspect of the war and giving voice to those who have been voiceless The experiences of these former soldiers are examined through detailed firsthand accounts that feature two generations and all branches of the service including the Women s Armed Forces Corps Readers will gain insight into the soldiers early lives their military service combat experiences and friendships forged in wartime They will also see how life became worse for most in the aftermath of the war as they experienced internment in communist prison camps discrimination against their families on political grounds and the dangers inherent in escaping Vietnam whether by sea or land Finally readers will learn how veterans who saw no choice but to leave their homeland succeeded in rebuilding their lives in new countries and cultures

U.S. Marines In Vietnam: The War That Would Not End, 1971-1973 Melson, Charles D., 2018-09-17
U S Marines In Vietnam The War That Would Not End 1971 1973 Charles D Melson Curtis G Arnold United States Marine Corps History and Museums Division This is the eighth volume of a projected nine volume history of Marine Corps operations in the Vietnam War A separate functional series complements the operational histories This volume details the activities of Marine Corps units after the departure from Vietnam in 1971 of III Marine Amphibious Force through to the 1973 ceasefire and includes the return of Marine prisoners of war from North Vietnam Written from diverse views and sources the common thread in this narrative is the continued resistance of the South Vietnamese Armed Forces in particular the Vietnamese Marine Corps to Communist aggression This book is written from the perspective of the American Marines

who assisted them in their efforts Someday the former South Vietnamese Marines will be able to tell their own story U.S. Marines in Vietnam: The war that would not end, 1971-1973 United States. Marine Corps. History and Museums Division,1991 *Steel and Blood* Mai Việt Hà,2008 Provides a detailed account of the Vietnam War from the perspective of the South Vietnamese armor forces The Leatherneck ,1994 *Trial by Fire* Dale Andradé,1995 The Easter Offensive took place primarily in the northern three military regions out of a total of four of South Vietnam In the northernmost region called I Corps the North Vietnamese opened the attack on 30 March 1972 with a massive artillery barrage of an intensity unmatched since World War II Worse from an infantryman s perspective there were heavy tanks also unprecedented on the battlefields of South Vietnam Frightened South Vietnamese soldiers cowered in their positions often refusing to fight They abandoned many key positions and by the end of April most of Quang Tri Province including the provincial capital was in enemy hands and an entire South Vietnamese division had been destroyed In II Corps and III Corps the battle began less dramatically but with equally devastating effects District capitals fell in quick succession in three provinces and two key cities Kontum and An Loc came under siege After savage fighting lasting more than a month both cities managed to hold out though they were largely destroyed The key to this pyrrhic victory was American air power lots of it which bombed the besieging North Vietnamese troops around the clock Statistics indicate that a vast majority of enemy casualties there were probably some 30 000 killed and wounded were inflicted by aerial attacks Both sides claimed victory after the Easter Offensive which officially ended in September 1972 with the recapture of Quang Tri City by South Vietnamese Marines But the verdict is not so clear cut North Vietnam had gained none of its goals of capturing and holding a provincial capital nor had it decisively defeated the South Vietnamese Army On the other hand North Vietnam did gain considerable territory along the Laotian and Cambodian borders as well as the area just south of the Demilitarized Zone Few people lived in these regions but any ground gained played well at the Paris negotiating table In the end North Vietnam committed all but one of its divisions to battle leaving only a skeleton force to guard the homeland against a counterattack This is unprecedented in military history and illustrates how confident Hanoi was that the Americans would not strike back Indeed the only U S response was renewed bombing of the North the culmination of which was Operation Linebacker II the infamous Christmas bombing Whatever else it accomplished the combination of North Vietnamese offensive and American bombing retaliation brought about final agreement on a peace treaty at Paris and allowed final U S disentanglement from Vietnam BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The War that Would Not End* Charles D. Melson,1998 In the spring of 1972 Hanoi launched a full scale invasion of South Vietnam one of the largest offensives of the Vietnam War For three tense months it was close confrontation and many observers predicted the end for the Saigon government But the South Vietnamese held Their victory came in large measure due to American air power and the presence of U S Army and Marine Corps advisors on the ground Yet their heroic story is not well known The War That Would Not End

paints a vivid picture of the battle for northern I Corps concentrating on the Marines and their fight to stem the North Vietnamese tide *The Easter Offensive, Vietnam, 1972* Gerald H.
