## **E Commerce A Knowledge Base:**

**E-Commerce** Brian C. Satterlee,2001-08 Electronic Commerce is one of the most important aspects to emerge from the Internet It allows people to exchange goods and services immediately with no barriers of time or distance Initially E Commerce was primarily the domain of large firms due to its initial format of customized complex and expensive transactions essential barriers to entry by smaller competitors Today for a nominal fee anyone may become an online merchant with the potential to reach millions of consumers world wide In essence the development of the Internet has had the same effect on E Commerce as Henry Ford s assembly line on the automotive industry It has converted a luxury for the few into a relatively simple and inexpensive device for the masses In this book we will explore these impacts and innovations The purpose of this book is to provide a preliminary analytical foundation knowledge base which then may be used for further more advanced study It is not intended to be an exhaustive analysis yet at the same time provides as much information as possible to provide an accurate depiction of the current state and likely future direction of E Commerce *Electronic Commerce: Concepts,*
