Blood at the Root Jennie Lightweis-Goff,2011-08-31 In Blood at the Root winner of the SUNY Press 2009 Dissertation First Book Prize in African American Studies Jennie Lightweis Goff examines the centrality of lynching to American culture focusing particularly on the ways in which literature popular culture and art have constructed the illusion of secrecy and obsolescence to conceal the memory of violence Including critical study of writers and artists like Ida B Wells Barnett Richard Wright William Faulkner George Schuyler and Kara Walker Lightweis Goff also incorporates her personal experience in the form of a year long travelogue of visits to lynching sites Her research and travel move outside the American South and rural locales to demonstrate the fiction of confining racism to certain areas of the country and the denial of collective responsibility for racial violence Lightweis Goff seeks to implicate societal attitude in the actions of the few and to reveal the legacy of violence that has been obscured by more valiant memories in the public sphere In exploring the ways that spatial and literary texts replace lynching with proclamations of innocence and regret Lightweis Goff argues that racial violence is an incompletely erupted trauma of American life whose very hiddenness links the past to still present practices of segregation and exclusion Blood at the Root Patrick Phillips,2016-09-20 A vital investigation of Forsyth s history and of the process by which racial injustice is perpetuated in America U S Congressman John Lewis Forsyth County Georgia at the turn of the twentieth century was home to a large African American community that included ministers and teachers farmers and field hands tradesmen servants and children But then in September of 1912 three young black laborers were accused of raping and murdering a white girl One man was dragged from a jail cell and lynched on the town square two teenagers were hung after a one day trial and soon bands of white night riders launched a coordinated campaign of arson and terror driving all 1 098 black citizens out of the county The charred ruins of homes and churches disappeared into the weeds until the people and places of black Forsyth were forgotten National Book Award finalist Patrick Phillips tells Forsyth s tragic story in vivid detail and traces its long history of racial violence all the way back to antebellum Georgia Recalling his own childhood in the 1970s and 80s Phillips sheds light on the communal crimes of his hometown and the violent means by which locals kept Forsyth all white well into the 1990s In precise vivid prose Blood at the Root delivers a vital investigation of Forsyth s history and of the process by which racial injustice is perpetuated in America Congressman John Lewis **An Anatomical**
