Breaking Blue:

Breaking Blue Sean "Sticks" Larkin, 2021-06-15 Body cams and dashcams have fundamentally transformed law enforcement in recent years. These innovations can help prove someone committed a crime or didn't. Real life footage has cleared people initially accused of wrongdoing and in certain instances even implicated officers. But that same type of footage can also be used to clear police falsely accused of misdeeds. From allegations of harassment or bias to false arrests or even criminal conduct, these videos can prove officers did not cross a line as sometimes they are alleged to have done. *Breaking Blue* is the first book that shares real stories of cops accused of wrongdoing and subsequently cleared. Charges may have been brought against them. Internal Affairs may have started an investigation but in many cases thanks to the officer's body cam or dashcam videos the true story came to light with charges ultimately dismissed or initial convictions overturned. Sergeant Sean Sticks Larkin of the Tulsa Police Department Gang Unit and host of the Reelz show *On Patrol Live* presents real stories of officers falsely accused including his own. *Breaking Blue* Now we can finally get both sides of the story for citizens and the police officers hired to serve and protect.

Timothy Egan, 2011-11-16 No one who enjoys mystery can fail to savor this study of a classic case of detection. TONY HILLERMAN On the night of September 14, 1935, George Conniff, a town marshal in Pend Oreille County in the state of Washington, was shot to death. A lawman had been killed yet there seemed to be no uproar, no major investigation. No suspect was brought to trial. More than fifty years later, the sheriff of Pend Oreille County, Tony Bamonte, in pursuit of both justice and a master's degree in history, dug into the files of the Conniff case by then the oldest open murder case in the United States. Gradually, what started out as an intellectual exercise became an obsession as Bamonte asked questions that unfolded layer upon layer of unsavory detail. In Timothy Egan's vivid account, which reads like a thriller, we follow Bamonte as his investigation plunges him back in time to the Depression era of rampant black market crime and police corruption. We see how the suppressed reports he uncovers and the ambiguous answers his questions evoke lead him to the murder weapon missing for half a century and then to the man, an ex-cop, he is convinced was the murderer: Bamonte himself, a logger's son and a Vietnam veteran, had joined the Spokane police force in the late 1960s, a time when increasingly enlightened and educated police departments across the country were shaking off the dirty cop stigma. But as he got closer to actually solving the crime, questioning elderly retired members of the force, he found himself more and more isolated, shut out by tight-lipped hostility and made dramatically aware of the fraternal sin he had committed: breaking the blue code. *Breaking Blue* is a gripping story of cop against cop. But it also describes a collision between two generations of lawmen and two very different moments in our nation's history.
