Breaking/Making Up Miranda Lee, Susan J. Napier, 2011-08-22 Breaking Making Up Two irresistible men from Down Under one Aussie one Kiwi The time has come for them to settle old scores and win the women they've always wanted Miranda Lee Something Borrowed Ashleigh is marrying James He's kind and reliable unlike Jake his wild identical twin who loved Ashleigh and left her long ago This time Ashleigh is sure she's chosen the right brother Until her wedding night turns out to be so passionate that she wonders if she knows her new husband at all Susan Napier Vendetta Vivian goes in place of her sister to face Nicholas Thorne's retribution and walks into his trap Nicholas is now Vivian's captor and she must play him along until she can outwit him But Nicholas has waited ten years for this To seduce Vivian into falling in love with him will be the greatest revenge ever Breaking Making Up Two original stories in one unique collection by Miranda Lee and Susan Napier The Making and Breaking of Minds: How social interactions shape the human mind Isabella Sarto-Jackson, 2022-04-05 The human brain has a truly remarkable capacity It reorganizes itself flexibly adjusting to fluctuating environmental conditions a process called neuroplasticity Neuroplasticity provides the basis for wide ranging learning and memory processes that are particularly profuse during childhood and adolescence At the same time the exceptional malleability of the developing brain leaves it highly vulnerable to negative impact from the surroundings Abusive or neglecting social environments as well as socioeconomic deprivation and poverty cause toxic stress and complex traumas that can severely compromise cognitive development emotional processing self perception and executive brain functions The neurophysiological changes entailed impair emotional regulation lead to heightened anxiety and afflict attachment and the formation of social bonds Neuroplastic changes following severely adverse experiences are not something that a person grows out of and gets over These experiences alter the neurobiological and biochemical makeup and cause people to live in an emotionally relabeled world in which the evaluation of any social cue their behavior cognition and state of mind are biased towards the negative Even more worrying detrimental neurophysiological consequences are not limited to the traumatized individual but are often transmitted to subsequent generations through a process of social niche construction thereby creating a vicious cycle Thus the making and breaking forces of the brain are epitomized by parents alloparents peers and our socioeconomic niche This book expounds on the formative role that the social environment plays in healthy brain development especially during infancy childhood and adolescence Based on scientific findings the book advocates for bold measures and responsible stewardship to combat child abuse maltreatment and child poverty By bringing together insights from neuroscience evolutionary biology and social education work it lays out a fact based transdisciplinary endeavor that aims at rising to the societal challenge of providing a rewarding perspective to youth at risk It will be a valuable resource for academics from social education pedagogy cognitive science neuroscience as well as professionals in the fields of social work pedagogy education child welfare Blood Doesn't Make You Family: Breaking the Cycle of Hurt, Finding the People Who

Truly Love You Allen Dekeyser,2025-06-01 Family isn't always who you're born to; it's who shows up with love. In *Blood Doesn't Make You Family*, Allen De Keyser delivers a courageous, heartfelt, and unflinching look at what happens when the people who should love you the most are the ones who hurt you the deepest. Through raw stories, painful truths, and powerful insights, Allen breaks down the toxic cycles passed down through generations: betrayal, manipulation, guilt, and shows you how to walk away from dysfunction and toward peace. This is a book for anyone who has ever felt unloved by their own blood, questioned their worth, or had to build their own family from scratch. *Blood Doesn't Make You Family* is not just a memoir; it's a manifesto for healing, setting boundaries, and finally choosing yourself. **Breaking into Factual TV** Zenia Selby,2023-05-05

Successfully entering the TV industry can be difficult to navigate. *Breaking into Factual TV* will guide you through the process, from how to get your first job to how to make it at the top. Written in a clear and accessible way, author Zenia Selby demystifies the TV industry for new entrants and covers all the key roles, including runner, researcher, assistant producer, producer, and director. Selby reveals what no one ever tells you when you start working at a TV production company: the chain of hierarchy, the most effective ways to network, and the best way to structure your work. The book will travel with you up your career ladder as you progress from runner to researcher to producer to director; each section provides you with the blueprint you need to excel with every promotion and warns you of the pitfalls to avoid. Perspectives from industry professionals are provided throughout, with interviews with Mitchell Langcaster James, *The Only Way is Essex*, *QI*, and *Celebs Go Dating*; Jeremy Turner, *Edward Snowden*, whistleblower or spy; and *Women in Prison*. Alec Linsell, *Inside the Factory*, and *The One Show*; and Sophie Smith, *Albert: The Power Behind Victoria*, and *Digging for Britain*, to offer insight into the reality of their roles. The book is ideal for emerging professionals and graduates of television courses looking to take their first step in the TV industry. **The Breaking of Bread** William Watson,1961 *Breaking and Training Dogs. Transactions American Society of Refrigerating Engineers,1913 Breaking the Record Nat Gould,1916 *Breaking Down Joker* Sean Redmond,2021-12-30 *Breaking Down Joker* offers a compelling, multi-disciplinary examination of a landmark film and media event that was simultaneously both celebrated and derided, and which arrived at a time of unprecedented social malaise. The collection breaks down *Joker* to explore its aesthetic and ideological representations within the social and cultural context in which it was released. An international team of authors explore *Joker*'s sightlines and subtexts, the affective relationships, corrosive ideologies, and damning if ambivalent messages of this film. The chapters address such themes as white masculinity, identity, and perversion, social class, and mobility, urban loneliness, movement, and music, and questions of reception and activism. With contributions from scholars from screen studies, theatre, and performance studies, psychology, and psychoanalysis, geography, cultural studies, and sociology, this fully interdisciplinary collection offers a uniquely multiple, operational cross-examination of this pivotal film text and will be of great importance to scholars, students, and researchers in these areas.
