Brecht A Choice Of Evils:

Brecht Martin Esslin ,1960 *Brecht, a Choice of Evils* Martin Esslin,1984 This text is Brecht s series of 24 inter connected playlets that describe events which took place in German households before his own exile in 1936 They describe the suspicion and anxiety experienced by people as the power of Hitler grew **Brecht: a Choice of Evils** Martin Esslin,1959 Brecht. A Choice of Evils. A Critical Study of the Man, His Work and His Opinions. [With a Portrait.]. Martin Esslin,1959 *Stage Fright* Martin Puchner,2003-04-01 Grounded equally in discussions of theater history literary genre and theory Martin Puchner s *Stage Fright Modernism Anti Theatricality and Drama* explores the conflict between avant garde theater and modernism While the avant garde celebrated all things theatrical a dominant strain of modernism tended to define itself against the theater valuing lyric poetry and the novel instead Defenders of the theater dismiss modernism s aversion to the stage and its mimicking actors as one more form of the old anti theatrical prejudice But Puchner shows that modernism s ambivalence about the theater was shared even by playwrights and directors and thus was a productive force responsible for some of the greatest achievements in dramatic literature and theater A reaction to the aggressive theatricality of Wagner and his followers the modernist backlash against the theater led to the peculiar genre of the closet drama a theatrical piece intended to be read rather than staged whose long overlooked significance Puchner traces from the theatrical texts of Mallarm and Stein to the dramatic Circe chapter of Joyce s *Ulysses* At times then the anti theatrical impulse leads to a withdrawal from the theater At other times however it returns to the stage when Yeats blends lyric poetry with Japanese N h dancers when Brecht controls the stage with novelistic techniques and when Beckett buries his actors in barrels and behind obsessive stage directions The modernist theater thus owes much to the closet drama whose literary strategies it blends with a new *mise en scene* While offering an alternative history of modernist theater and literature Puchner also provides a new account of the contradictory forces within modernism Brecht. A Choice of Evils, Etc Martin Esslin,1965 *Brecht* ,1985 **Brecht. A Choice of Evils. A Critical Study of the Man, His Work and His Opinions** Martin Esslin (dramaturge).),1965 **The Vital Lie** Anthony S. Abbott,2003-08-08 *The Vital Lie* is the first book to examine the reality illusion conflict in modern drama from Ibsen to present day playwrights The book questions why vital lies necessary for life itself are such an obsessive concern for playwrights of the last hundred years Using the work of fifteen playwrights Abbott seeks to discover if modern playwrights treat illusions as helpful or necessary to life or as signals of sicknesses from which human beings need to be cured What happens to characters when they are forced to face the truth about themselves and their worlds without the protection of their illusions The author develops a three part historical analysis of the use of the reality illusion theme from its origins as a metaphysical search to its current elaborations as a theatrical game Telling Stories Michael Roemer,1995-06-13 Roemer argues that contrary to both formalist and postmodern aesthetic theories traditional stories do not create order out of chaos but challenge our order with chaos

undermining the structures we have built to protect ourselves He finds that stories are both radical and conservative invalidating our freedom while centering on heroes or heroines who are obliged to act alone their adventures remove them from the sheltering community *Brecht's Misgivings* Roy Pascal,1978 *National Union Catalog* ,1973 Includes entries for maps and atlases **Holocaust Literature: Agosin to Lentin** S. Lillian Kremer,2003 Review This encyclopedia offers an authoritative and comprehensive survey of the important writers and works that form the literature about the Holocaust and its consequences The collection is alphabetically arranged and consists of high quality biocritical essays on 309 writers who are first second and third generation survivors or important thinkers and spokespersons on the Holocaust An essential literary reference work this publication is an important addition to the genre and a solid value for public and academic libraries The Top 20 Reference Titles of the Year American Libraries May 2004 *The Works of Hanoch Levin, 1969-1976* Shoshana Weitz,1981 *Essays on Brecht* Marc Silberman,1990 *Critical Essays on Bertolt Brecht* Siegfried Mews,1989
