Brera Milan

James Ward

Brera Milan:

Sofonisba's Lesson, New Edition Michael W. Cole, 2026-07-14 The landmark study of the first major woman painter of the Renaissance now revised and expanded to include new discoveries Since it was first published Sofonisba's Lesson has ushered in a major reassessment of Sofonisba Anguissola 1532-1625 a remarkable painter who changed the image of women's education in Europe and transformed Western attitudes about who could be an artist In this revised and expanded edition Michael Cole reconsiders some central questions of authorship and shares the major discoveries that have been made since this influential book first came out The daughter of minor Lombard aristocrats who made the unprecedented decision to have her trained as a painter outside the family house Sofonisba produced more self-portraits than any known painter before her She was the first known artist to use her parents and siblings as primary subjects and may have painted the first group portrait featuring only women Recent research also reveals her to have been not only a key model for painters around her but also the rare early modern Italian artist to take up a subject demonstrably related to the reform of the Catholic Church The expanded volume offers new assessments of paintings whose status has long been uncertain Providing a comprehensive and up-to-date illustrated catalog of the more than two hundred known paintings and drawings that writers have associated with Sofonisba over the centuries Sofonisba's Lesson will remain the definitive account of the artist and her work for decades to come
