**Alchemist of the Avant-Garde** John F. Moffitt,2012-02-01 Acknowledged as the Artist of the Century Marcel Duchamp 1887 1968 left a legacy that dominates the art world to this day Inventing the ironically d gag attitude of ready made art making Duchamp heralded the postmodern era and replaced Pablo Picasso as the role model for avant garde artists John F

Moffitt challenges commonly accepted interpretations of Duchamp's art and persona by showing that his mature art after 1910 is largely drawn from the influence of the occult traditions. Moffitt demonstrates that the key to understanding the cryptic meaning of Duchamp's diverse artworks and writings is alchemy, the most pictorial of all the occult philosophies and sciences.

**Language, Gender and Ideology** Saumya Sharma, 2018-05-08. This book explores multiple facets of femininity for marriage in India. Using language as an entry point, it looks at how and why media representations of gender identities are constructed the way they are. It works with a unique synthesis of second wave feminist discourse and empirical linguistic research to look at how the social institution of marriage becomes the site of interaction between language, ideology, psyche, and culture. This volume also brings together the personal histories and views of women who discuss how media, modernity, and social norms shape their ideas about marriage and selfhood.

*Deconstructing perceptions of femininity in contemporary India*, the book will be of great interest to scholars and researchers of sociology, gender studies, linguistics, media, and cultural studies, and psychoanalysis.

Origen on the Song of Songs as the Spirit of Scripture J. Christopher King, 2005-10-06. Christian exegesis of the Song of Songs has long interacted creatively with and more recently reacted critically against the allegorical interpretation developed by Origen of Alexandria c. 185–c. 254 in his Commentary and two Homilies on the Song of Songs. Interest in Origen's exegesis of the Song's narrative elements has dominated past scholarship, which has almost entirely ignored how Origen assesses the Song itself in its unity as a revealed text. This study aims to show that the Commentary and Homilies, when read in light of Origen's hermeneutic, his nuptial theology, his understanding of the prophetic mediation of inspired texts, and his doctrine of last things, clearly portray the Song of Songs itself as the divine Bridegroom's perfect marriage song. As such, it mediates Christ's eschatological presence as the spirit of Scripture in and through the intelligible structures of the text itself.
