Brief Lives:

Brief Lives chiefly of Contemporaries, set down by John Aubrey, between the Years 1669 and 1696 John Aubrey, 1898 [Brief Lives](#) John Aubrey, 1949 *Shakespeare Without a Life* Margreta de Grazia, 2023-03-28 A fascinating account of how Shakespeare's works were understood and valued by readers and writers from the seventeenth to the nineteenth century before Shakespeare's biography came to dominate readings of his plays and poetry For almost two centuries after his death Shakespeare had no biography The makings of one were not available No chronology had been devised by which to coordinate the events in his life with the writing of his works Nor was there an archive of primary materials on which to base a life And the only work by Shakespeare written in the first person the Sonnets had yet to be critically edited and incorporated into the canon Without a biography how could Shakespeare have been valued and understood In *Shakespeare without a Life* Margreta de Grazia looks at aspects of Shakespeare's reception between 1600 and 1800 that have been all but lost to the now still prevailing biographical impulse It recovers the anecdote as a form of literary criticism retrieves the ancient category of genre as the canon's organizing rubric demonstrates how the quest for authentic documents invalidated other forms of literary record and reveals how the desire to forge connections between Shakespeare's life and the Sonnets occluded his self presentation as the deceased I of a posthumous poet [Our Christian Founding Fathers](#) William Beckman, 2015-06-26 The American public has been told what recent historians wanted them to believe the United States is not a Christian nation This is true in only one respect You don't have to be a Christian following a specific denomination to be an American citizen However the ideological foundation this country is based on Christian principles developed by Christian Founding Fathers Modern historians have distorted these facts To correct these distortions the biographies of the Founding Fathers their actual statements and Christian beliefs are presented in this work The catalyst for the birth of our nation was the moment when Benjamin Franklin incorrectly considered a Deist by many suggested that the quarrelsome Continental Convention recognize how the Creator had listened to and answered their prayers in the past He suggested daily prayer be instituted asking henceforth prayers imploring the assistance of heaven and its blessings on our deliberations be held in this assembly every morning The quarreling continued but the emphasis became how to successfully unite the newly independent colonies The colonies united under Christian principles however over the years those principles and their original intent have been diluted Recognizing the condition of the world today isn't it a good time to renew those principles [Lives: Ingelbert to York ; Appendix I: Aubrey's notes of antiquities ; Appendix II: Aubrey's comedy](#) [The country revell](#) John Aubrey, 1898 **Authorial Personality and the Making of Renaissance Texts** Douglas S. Pfeiffer, 2020-09-03 How did we first come to believe in a correspondence between writers' lives and their works When did the person of the author both as context and target of textual interpretation come to matter so much to the way we read This book traces the development of author centrism back to the scholarship of early Renaissance humanists Working against allegoresis and

other traditions of non historicizing textual reception they discovered the power of engaging ancient works through the speculative reconstruction of writers personalities and artistic motives To trace the multi lingual and eventually cross cultural rise of reading for the author this book presents four case studies of resolutely experimental texts by and about writers of high ambition in their respective generations Lorenzo Valla on the forger of the Donation of Constantine Erasmus on Saint Jerome the poet George Gascoigne on himself and Fulke Greville on Sir Philip Sidney An opening methodological chapter and exhortative conclusion frame these four studies with accounts of the central lexicon character intention ethos persona and the range of genre evidence that contemporaries used to discern and articulate authorial character and purpose Constellated throughout with examples from the works of major contemporaries including John Aubrey John Hayward Galileo Machiavelli and Shakespeare this volume resurrects a vibrant culture of biographism continuous with modern popular practice and yet radically more nuanced in its strategic reliance on the explanatory power of probabilism and historical conjecture the discursive middle ground now obscured from view by the post Enlightenment binaries of truth and fiction history and story fact and fable
