**Mass Communication** Joseph R. Dominick, 2005 Agenda-setting Dynamics in Canada Stuart Neil Soroka, 2002 Why do public issues like the environment rise and fall in importance over time To what extent can the trends in salience be explained by real world factors To what degree are they the product of interactions between media content public opinion and policymaking This book surveys the development of eight issues in Canada over a decade AIDS crime the debt deficit the

environment inflation national unity taxes and unemployment to explore how the salience of issues changes over time and to examine why these changes are important to our understanding of everyday politics *Agenda Setting Dynamics in Canada* offers one of the first empirical analyses of the interaction of the media the public and policymakers in Canada and more generally makes an important contribution to the study of political communications and policymaking well beyond the Canadian context *Books in Print Supplement* ,2002 **Inside the BBC and CNN** Lucy Küng-Shankleman,2012-11-12 *Inside the BBC and CNN* provides a unique insight into two of the world's best known media organisations during a period of great change and new challenges The BBC and CNN have very different histories remits and identities but both must now compete to provide news in a media environment being reshaped by increasing competition globalisation digitisation and convergence In addition they face increasing pressures of criticism focussed on the struggle for ratings and the perceived dumbing down of programming Drawing on intensive research carried out among senior managers in both organisations Lucy Küng Shankleman's study explores the beliefs and attitudes that shape management priorities and broadcasting policy More controversially it examines how each organisation's distinct cultural beliefs about broadcasting's fundamental purpose about the nature of competition and about the relationship between competition and quality have laid the foundations for their current and past success but could now threaten to limit their ability to respond to the unprecedented changes underway in the world's media landscape *The Cumulative Book Index* ,1996 A world list of books in the English language
