[Queering Polishness in Polish Theatre Since 2005](#) Jonas Vanderschueren, 2024-08-12 Theatre has long been an art form at the centre of public life in Poland. Whether it is the self-professed poet-prophets of the Romantic era or the dissident theatre makers working under the strictures of state socialism, the art form has played a vital role in the development of Polish culture and politics in the context of shifting foreign occupations. This book explores the relationship between contemporary Polish theatre makers and contemporary notions of Polishness and argues that queer theory and specifically a Polish appropriation of queer theory can be a crucial element to better understand the politicality of the contemporary Polish theatre field. It does this by focusing on critical theatre productions which are produced at the margins of the Polish theatre field, a choice which has been made as the field is dominated by traditional drama theatres which reproduce a Polish variation on the Western canon. This makes smaller, atypical and independent theatre productions all the more significant as they signify a refusal to continue the traditional role of the Polish theatre field in reproducing the canon of Polish Romanticism. As such, the book argues that contemporary Polish theatre has been marked by a struggle between those building performances and state authorities that see those creations as a threat to their authority.

Spiritually Able David Rizzo, Mercedes McBride Rizzo, 2014-12-01 For many parents seeking faith formation for their child with special needs, the resources are either severely lacking or nonexistent. A family looking to participate in the life of the Church can find it a struggle to get the support, materials and community needed to grow the faith for their child with special needs. David and Mercedes Rizzo know the struggle all too well. When they searched for sacramental preparation materials for their daughter Daniella, who has autism and is nonverbal, they found a lack of suitable resources. Both memoir and manual, *Spiritually Able: A Parent's Guide to Teaching the Faith to Children with Special Needs* is a life preserver to parents who are seeking ways to grow and nourish a deeper relationship to God and their faith for their child with special needs. Full of tips, advice and personal accounts, *Spiritually Able* helps bridge the gap and invites all into the welcoming embrace of the Church.

Expanding Fields of Architectural Discourse and Practice Matthew Butcher, Megan O'Shea, 2020-11-27 *Expanding Fields of Architectural Discourse and Practice* presents a selection of essays, architectural experiments and works that explore the diversity within the fields of contemporary architectural practice and discourse. Specific in this selection is the question of how and why architecture can and should manifest in a critical and reflective capacity, as well as to examine how the discipline currently resonates with contemporary art practice. It does so by reflecting on the first 10 years of the architectural journal *P E A R* 2009 to 2019. The volume argues that the initial aims of the journal to explore and celebrate the myriad forms through which architecture can exist are now more relevant than ever to contemporary architectural discourse and practice. Included in the volume are architectural practitioners, design researchers, artists, architectural theorists.

historians journalists curators and a paleobiologist all of whom contributed to the first seven issues of the journal Here they provide a unique presentation of architectural discourse and practice that seeks to test new ground while forming distinct relationships to recent and more longstanding historical legacies Praise for Expanding Fields of Architectural Discourse and Practice The story told by the authors of this work can thus be considered as the central tool of an architectural transgression Critique d art
