## Crystal Connection:

**Crystal Connections** Philip Permutt, 2023-04-11 Bestselling author and crystal expert Philip Permutt offers the essential guide on how to take advantage of the powerful properties of crystals and how to apply their healing energies. Crystals not only heal but also affect how we feel and influence our responses to the wider world. They can support us when we feel down and help to boost our natural abilities when we're doing well or need a helping hand. Crystals improve the quality of our lives. If simply by adding beauty they make us feel better. *Crystal Connections* is a detailed, accessible and fully illustrated guide to harnessing the magic of crystals, written by one of the world's leading crystal healers. While there are many books on crystals, this one is directed at communicating and understanding the messages within them. Learn how to recognise and connect with the energy of your crystals, work with them in dowsing, divination and healing practices, how they relate to chakras, how to cleanse and look after them, and much more. Also included is a full colour crystal finder section featuring 101 of the most common crystals.

*Crystal Connection* Tanya Lloyd Kyi, Evelyn Vingilis, Larissa Vingilis-Jaremko, 2003. The girls of the Science Squad are back and they're in the middle of the biggest mystery yet. When Sue's Aunt Rose invites the three girls to visit her on Vancouver Island for the last week of summer vacation, it seems like the trip will be a nice break. Nicole, Gina and Sue are eager to explore the old growth forests near Tofino, go mountain biking and maybe even try surfing. But Rose has just inherited 50 hectares of forested land from her uncle, a renowned smuggler and notorious practical joker. When Rose's new friend Tyler starts acting suspiciously, the girls begin to think there's more at stake than just an old cabin in the middle of the woods. Using their knowledge of science, the girls reveal a series of clues in the mysterious will. But can they solve the puzzle of the smuggler's secret before it's too late? Tanya Lloyd Kyi and the Canadian Association of Girls in Science (CAGIS) team up to deliver the second book in the Science Squad Adventure series. This mystery contains non-fiction sidebars and experiments that can be done at home with everyday objects on such diverse topics as light refraction and orienteering.
