## Asian Question Collection:

*The Asian Question Collection* Linda Schwartz,1994      **The Asiatic Quarterly Review** ,1887      *Global Geostrategy*  
Brian Blouet,2020-09-23 This is a new examination of Halford Mackinder's seminal global geostrategic work from the  
perspective of geography diplomatic history political science international relations imperial history and the space age  
Mackinder was a man ahead of his time He foresaw many of the key strategic issues that came to dominate the twentieth  
century Until the disintegration of the Soviet Union western defence strategists feared that one power or alliance might come  
to dominate Eurasia Admiral Mahan discussed this issue in *The Problem of Asia* 1900 but Mackinder made the most  
authoritative statement in *The Geographical Pivot of History* 1904 He argued that in the closed Heart Land of Euroasia was a  
strategically placed region with great resources that if controlled by one force could be the basis of a World Empire James  
Kurth in *Foreign Affairs* has commented that it has taken two World Wars and the Cold War to prevent Mackinder's prophecy  
becoming reality In World War I and World War II Germany achieved huge territorial gains at the expense of the Russian  
empire and the Soviet Union In the former conflict the Russian empire was defeated by Germany but the western powers  
insisted that the territorial gains made by Germany at the treaty of Brest Litovsk be given up In World War II Britain and the  
US gave material support to Stalin's totalitarian regime to prevent Nazi Germany gaining control of the territory and  
resources that might have been a basis for world domination The west highly conscious of Mackinder's dictum 1919 that Who  
rules East Europe commands the Heartland quickly adopted policies to contain the Soviet Union History has therefore proved  
Mackinder's work to be of vital importance to generations of strategic thinking and he remains a key influence in the new  
millennium This book will be of great interest to all students and scholars of strategic studies and military history and of
