**Yokozuna** Mark Panek, 2006-05-31 At the age of eighteen Chad Rowan left his home in rural Hawai i for Tokyo with visions of becoming a star athlete in Japan s national sport sumo But upon his arrival he was shocked less by the city crowds and the winter cold than by having to scrub toilets and answer to fifteen year olds who had preceded him at the sumo beya Rowan spoke no Japanese Of Japanese culture he knew only what little his father a former tour bus driver in Hawai i had been able to tell him as they drove to the airport And he had never before set foot in a sumo ring Five years later against the backdrop

of rising U S Japan economic tension Rowan became the first gaijin non Japanese to advance to sumo s top rank yokozuna His historic promotion was more a cultural accomplishment than an athletic one since yokozuna are expected to embody highly prized Japanese values such as hard work patience strength and hinkaku a special kind of dignity thought to be available only to Japanese He was promoted ahead of his two main rivals the brothers Koji and Masaru Hanada who had been raised in the sumo beya run by their father the former sumo great Takanohana I Perhaps the defining moment of the gaijin s unique success occurred at the 1998 Nagano Olympics when Rowan chosen to personify Japanese to one of the largest television audiences in history performed a sacred sumo ritual at the opening ceremony Gaijin Yokozuna chronicles the events leading to that improbable scene at Nagano and beyond tracing Rowan s life from his Hawai i upbringing to his 2001 retirement ceremony Along the way it briefly examines the careers of two Hawai i born sumotori who paved the way for Rowan Jesse Kuhaulua Takamiyama and Salevaa Atisanoe Konishiki The author shares stories from family members coaches friends fellow sumo competitors and of course Rowan himself whom he accompanied on three Japan wide exhibition tours The work is further informed by volumes of secondary source material on sumo Japanese culture and local Hawai i culture

Biography Carl Rollyson,2004 Most book reviewers know very little about the history or the art of biography Indeed if there

is any art in biography it is the rare reviewer that acknowledges it or knows how to discuss it Usually the reviewer regards

biography as an occasion to wax eloquent about what he or she thinks of the subject Little space if any is devoted to the

biography s structure or style to the biographer s peculiar problems or to how the biography relates to others about the same

subject Carl Rollyson a professional biographer and weekly columnist On Biography for The New York Sun explores the

ramifications of authorized and unauthorized biographies investigates the relationship between biography and history

biography and fiction biography and autobiography as well commenting on certain perennial biographical subjects such as

Napoleon on sub genres such as children s biography and on the most recent developments in life writing Rollyson s aim is to

reach not merely scholars but that vast general audience addicted to reading biography enhancing their pleasure by

providing insight or you might say the inside word on how biographies are put together
