**Bird Children** Elizabeth Gordon, 2015-05-15 BIRDS are only another expression of God's love and we are told that not even a sparrow shall fall to the ground without the notice of the Father. Birds are poetry come to life and set to music. If you should stand at the edge of a forest at sundown and hear the birds singing their good night songs, hear the sleepy little notes grow fainter and fainter until the silence came, then when the dusk had deepened you should hear the night birds begin their plaintive songs. You would realize what a different place our beautiful world would be without birds. **Bird Children** Elizabeth Gordon, M T Ross, 2025-03-28 Delight in Elizabeth Gordon's charming collection of poems Bird Children The Little Playmates of the Flower Children This classic of juvenile literature explores the enchanting world of birds through playful verse The poems capture the wonder of nature offering a gentle introduction to the avian world for young readers Originally published long ago this edition presents these timeless verses in a beautifully reproduced format meticulously prepared for print Bird Children evokes a sense of innocence and joy creating a heartwarming experience for both children and adults Within these pages discover a delightful interplay between the animal kingdom and the whimsical realm of flower children These poems celebrate the simple pleasures of nature and the boundless imagination of childhood solidifying its place as a cherished piece of juvenile fiction and poetry This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant [Bird Children](#) Elizabeth Gordon, 2000 Unique facsimile editions of classic children's books from the beginning of the 20th century featuring four color paintings and poetry that teaches children about nature Unusual beautiful and timeless **Birds Every Child Should Know** Neltje Blanchan, 2022-08-10 In the pages of Birds Every Child Should Know Neltje Blanchan exhibits an enchanting amalgamation of information passion and prose inviting readers to revel in the rich tapestry of avian life With eloquently descriptive language Blanchan guides us through the fascinating world of birds from the chipper demeanor of the American robin to the sweet refrains of thrushes The book reflects the trends of early 20th century nature writings displaying a didactic yet whimsical narrative style that both informs and charms and is laden with vivid illustrations that serve to bring its feathery subjects to life for the attentive audience The meticulous organization of content including chapters on birds grouped by behavior and habitat situates it well within both literary and educational domains making it more than a mere birdwatcher's companion but a vessel of knowledge to inspire the next generation of ornithologists Neltje Blanchan's own history is deeply interwoven with the natural world her writing mirroring a profound understanding borne of a life keenly attuned to nature's rhythms A
