Cheating Death Twice Michael Page,2013-11-15 What exactly is the Human Mind Unique in this entire world yes but how exactly does it work what exactly is it made of Where exactly is it And the question the author poses is is your thinking mind actually what the Bible refers to as your spiritual soul And if it really is a spiritual soul can it really survive mortal death What force powers it Just flesh and blood or is there some other invisible divine force behind its incredible powers The author confesses to having been born into this life complete with memories of several previous lives It was after these previous lives that he also remembers being born literally remembering being squeezed out of his mother s womb And if that is not amazing enough he also truly believes that

he can remember being conceived in his mother's womb. A dramatic out-of-body experience has given the author confirmation that your id, your inner being, and your purest spiritual form can and will survive outside the body quite independently without any body mass. The author was once a sailor on a Tall Sailing Ship and recalls drowning in the cold sea and later in another life he recalls serving as a Soldier in the First World War and so is able to theorise how when the time comes one can cheat Death.

Natural Liberation Padmasambhava, 2012-06-04. A perfect companion to the well-known Tibetan Book of the Dead. In life and in death, in meditation and in sleep, every transitional stage of consciousness or bardo provides an opportunity to overcome limitations, frustrations, and fears. The profound teachings in this book provide the understanding and instruction necessary to turn every phase of life into an opportunity for uncontrived natural liberation. Like the Tibetan Book of the Dead, Natural Liberation is a terma, a hidden treasure attributed to the eighth-century master Padmasambhava. Gyatrul Rinpoche's lucid commentary accompanies the text, illuminating the path of awakening to the point of full enlightenment. Natural Liberation is an essential contribution to the library of both scholars and practitioners of Tibetan Buddhism.

**Cheating Death** Moor, 2018-02-15. Zachary Campbell is one week short of his hundredth birthday. He's lived a prosperous and happy life, and four generations have gathered in the quaint village where he was born and raised and still lives. Everyone is looking forward to the grand day. The children, as well as adults, also look forward to hearing his stories, for Zachary is a consummate storyteller. But one week before the big day, late in the dark of night, Death makes a visit, informing him that it is time. Zachary, desperate to make it to his centennial, pleads with Death for one more week of life. The Reaper, though, cannot be moved. Death cannot be cheated of his due, or can he? The two begin to drive a hard bargain with Zachary's very life. The ultimate ante. Zachary assures Death that he has indeed been cheated on several occasions. Once he has piqued Death's interest, Zachary suggests that if he can tell a story of how Death was cheated, he could be granted one more day upon this earth. Death is curious. Do tell, he whispers, as he sits back to listen. It is then Zachary's turn to weave his storytelling magic with Death. Turn

the pages to author Stephen A Moore s poignant and heart moving stories as Zachary Campbell risks all to gain the redemptive and personal goal of celebrating his centenary
