## **Achieve Level 4 Science:**

**Achieve Level 4** Gerald Page, Gill Matthews, Richard Cooper, 2004      *Numeracy for Teaching* Derek Haylock, 2001-11-12  
Comprises a very helpful resource for students who are obliged to succeed in passing the QTS numeracy test in order to gain QTS It should provide a valuable resource for students to increase their confidence as well as their competence Mathematics in Schools The stated aim of this book is to help teacher trainees prepare for the numeracy test all new entrants to the profession now have to pass Any trainee worried about the test should find this a useful resource As in similar books by Derek Haylock the mathematical content is written in a clear and accessible style Mike Askew Times Educational Supplement  
Quotes from the author's students The book is excellent I think it will present students and others with a valuable resource not only to help with the QTS test but also for teaching I could see myself using it on dip in as necessary basis The practice questions were really helpful for checking and consolidating learning The material was useful for the QTS test particularly the mental calculations Many thanks for letting me work through your sample material I cannot begin to tell you how much more I have learnt This has definitely made me feel more confident about passing the QTS numeracy skills test I have definitely demonstrated to myself from this material that my ability to complete calculations mentally has increased I can calculate faster and with some accuracy now Comprises a very helpful resource for students who are obliged to succeed in passing the QTS numeracy test in order to gain QTS It should provide a valuable resource for students to increase their confidence as well as their competence Mathematics in Schools This book is designed to help teacher trainees prepare for the Qualified Teaching Standards numeracy test that must now be passed by all entrants to the teaching profession The author focuses especially on weaknesses in numeracy often observed in adults and in teacher trainees in particular As far as possible this mathematics is set in the professional context of teaching drawing on statistics and other data from individual schools the DfEE and the Qualifications and Curriculum Agency QCA      *Understanding Minority Ethnic Achievement* Louise Archer, Becky Francis, 2006-09-25 This timely and authoritative book builds upon and contributes to ongoing debates about levels of achievement among minority ethnic pupils working class pupils and more generally the issue of boys underachievement      Success with Numeracy for the QTS Skills Test Les Fairclough, 2001      **Achieve Science Level 4 Revision Book** Rising Stars, 2007-07-01      **Underachievement in Schools** Hazel Pennell, Anne West, 2003-12-08 There is greater pressure for schools to meet certain levels of pupil achievement now more than ever before Teachers and policy makers are looking for ways to ensure pupils are not underachieving and to do this must have some understanding of the causes of underachievement This timely book examines different levels of achievement of pupil groups and the reasons behind them The authors highlight ways in which schools and policy makers might improve achievement through changes in policy and practice Some of the topics considered are What is underachievement Social background and achievement School structures and achievement Schools raising attainment Underachievement in Schools will be a valuable resource for anyone
