Children, Schools and Families Committee, 2009 In its annual examination of the Department for Children Schools and Families DCSF spending the Children Schools and Families Committee predicts that future funding will be much tighter than at present and the rate of spending growth will be minimal come the next Spending Review The Committee is pleased that the Government has reaffirmed its commitment to capital investment in education but there is concern that the review of Building Schools for the Future will lead to the programme being curtailed To avoid doubt the Department should make a clear statement about the programme s future The Committee identifies key problems with the presentation of expenditure figures in the report including confusion about which expenditure streams or grants deliver which objectives and calls on the Department to rectify these problems in its next Annual Report To ensure real

accountability staging points must be included for long term Public Service Agreement PSA targets In order to assess whether these targets have been met it is imperative that DCSF does not revise them at every three yearly spending review The Committee is disappointed that details on how DCSF achieved its efficiency savings are vague and it expects much more of the promised detail in the 2009 Departmental Annual Report *A Curriculum for Social Justice* Liz Atkins, Louise Misselke, Jeanette Hart, Sue Lambeth, Lorraine Barker, 2023-11-26 This book reports the outcomes of a research project which involved developing and implementing a research informed curriculum for low attaining further education students Key aims of the curriculum were to ameliorate some of the social and educational disadvantages faced by the students and to support secure and sustainable transitions to employment or further education The book begins by outlining the characteristics of the lowest attaining young people and considering the challenges they face Subsequent chapters describe the educational and geographic contexts the curriculum and the pedagogical approaches adopted It moves on to describe the outcomes of the project drawing on narratives of individual students and staff to illustrate the benefits of a broader curriculum which acknowledges earlier disadvantage The book concludes with a discussion of how the curriculum could be adapted in different contexts and considers the implications of such change in terms of policy practice future research and social justice
