American Savage Dan Savage, 2013-05-28 Celebrated sex advice columnist and founder of the Emmy winning It Gets Better campaign Dan Savage delivers powerful messages for both the head and heart Entertainment Weekly From the moment he began writing his syndicated sex advice column Savage Love Dan Savage has never been shy about expressing his opinion on controversial topics political or otherwise In the height of his activism he addresses issues ranging from parenting and the gay agenda to the Catholic Church and health care Among them Why straight people should have straight pride parades too Why Obamacare as good as it is is still kinda evil Why what passes for sex ed in America is more like sex dread Why the Bible is only as good and decent as the person reading it Speaking to a broad range of subjects with brutal honesty and irreverent humor *American Savage* is a pivotal piece that cements Dan Savage s place as a provocative and insightful voice in American culture

Do We Have a Soul? Eric T. Olson, Aaron Segal, 2023-08-04 Are we made entirely of matter like sticks and stones Or do we have a soul a nonphysical entity where our mental lives take place The authors Eric T Olson and Aaron Segal begin this accessible and wide ranging debate by looking at the often overlooked question of whether we appear in ordinary experience to be material things Olson then argues that the dependence of our mental lives on the condition of our brains the fact that general anesthesia causes complete unconsciousness for instance is best explained by saying that our mental lives are physical activities in our brains rather than nonphysical activities in the soul Segal objects that this view is incompatible with two obvious and important facts about ourselves that there is only one of you rather than trillions of almost identical beings now thinking your thoughts and that we exist and remain conscious for more than an instant These facts he claims are presupposed in our practical and moral judgments but they require us to be immaterial things Olson is forced to concede that there is no easy and uncontroversial answer to these objections but doubts whether taking us to be immaterial would be any help The debate takes in large philosophical questions extending well beyond dualism and materialism The book features clear statements of each argument responses to counter arguments in text definitions a glossary of key terms and section summaries Scholars and students alike will find it easy to follow the debate and learn the key concepts from metaphysics philosophy of mind and other areas necessary to understand each position

Key Features Is the only introductory book devoted to the debate between substance dualism and materialism Discusses both traditional and novel arguments for each position Debates important but infrequently discussed questions
