Access Epa Scientific Models:

Access Epa DIANE Publishing Company, Folts, 1995-10-01 Aims to provide a sense of the type of scientific endeavors currently underway by EPA scientists Lists a sampling of models only Fosters communications about scientific computer models increases the visibility of existing scientific models reduces duplication of effort in the development of scientific computer models facilitates EPA's response to information requests about scientific computer models

Models in Environmental Regulatory Decision Making National Research Council, Division on Earth and Life Studies, Board on Environmental Studies and Toxicology, Committee on Models in the Regulatory Decision Process, 2007-08-25 Many regulations issued by the U S Environmental Protection Agency EPA are based on the results of computer models Models help EPA explain environmental phenomena in settings where direct observations are limited or unavailable and anticipate the effects of agency policies on the environment human health and the economy Given the critical role played by models the EPA asked the National Research Council to assess scientific issues related to the agency's selection and use of models in its decisions The book recommends a series of guidelines and principles for improving agency models and decision making processes The centerpiece of the book's recommended vision is a life cycle approach to model evaluation which includes peer review corroboration of results and other activities This will enhance the agency's ability to respond to requirements from a 2001 law on information quality and improve policy development and implementation

Strategies for Accelerating Cleanup at Toxic Waste Sites Scott Marshall Payne, 2020-07-26 Accelerating Cleanup at Toxic Waste Sites Fast tracking Environmental Actions and Decision Making presents truly innovative advances in investigative and cleanup technologies offering valuable solutions that streamline the data collection process speed up the time it takes to characterize a site and expedite decision making Using easy to understand graphic displays tables text summaries and real world case studies and by synthesizing technical and regulatory reference information crucial to the development of effective cleanup strategies this book provides the framework for environmental professionals to develop project and program approaches that meet today's needs An advanced text for those with at least basic understanding of environmental investigation cleanup regulations decision making and policy development Accelerating Cleanup at Toxic Waste Sites addresses the human side of the environmental industry and why it is perhaps one of the most important considerations for successful accelerated cleanup This book takes the next step by providing managers project teams and other professionals with approaches that bring techniques regulations strategies and people together into one comprehensive package that works
