## **Accidental Meeting:**

Types and Motifs of the Judeo-Spanish Folktales Pbdirect Reginetta Haboucha,2021-02-25 This monumental book first published in 1992 represents a major contribution to Sephardic and Hispanic studies as well as to comparative folklore scholarship in a worldwide perspective After many years of fieldwork and extensive archival investigations in Spain Israel and the United States the author has brought together and analysed a massive body of primary sources This is the first collection of Sephardic narratives offered to the English speaking reader and constitutes an important addition to the understanding of Sephardic cultural tradition

**One and Many in Aristotle's Metaphysics** Edward C. Halper,2005-01-12 The problem of the one and the many is central to ancient Greek philosophy but surprisingly little attention has been paid to Aristotle's treatment of it in the Metaphysics This omission is all the more surprising because the Metaphysics is one of our principal sources for thinking that the problem is central and for the views of other ancient philosophers on it The Central Books of the Metaphysics are widely recognized as the most difficult portion of a most difficult work Halper uses the problem of the one and the many as a lens through which to examine the Central Books What he sees is an extraordinary degree of doctrinal cogency and argumentative coherence in a work that almost everyone else supposes to be some sort of patchwork Rather than trying to elucidate Aristotle's doctrines most of which have little explicitly to do with the problem Halper holds that the problem of the one and the many in various formulations is the key problematic from which Aristotle begins and with which he constructs his arguments Thus exploring the problem of the one and the many turns out to be a way to reconstruct Aristotle's arguments in the Metaphysics Armed with the arguments Halper is able to see Aristotle's characteristic doctrines as conclusions These latter are for the most part supported by showing that they resolve otherwise insoluble problems Moreover having Aristotle's arguments enables Halper to delimit those doctrines and to resolve the apparent contradiction in Aristotle's account of primary ousia the classic problem of the Central Books Although there is no way to make the Metaphysics easy this very thorough treatment of the text succeeds in making it surprisingly intelligible

**The Victorian Novel Dreams of the Real** Audrey Jaffe,2016-03-08 Critical discussions of the Victorian realist novel tend to focus on its vivid representations of everyday life The Victorian Novel Dreams of the Real proposes that the genre is founded in desire moving the novels not towards a shared reality but rather toward distinct fantasies dreams of the real Rather than simply redefine Victorian realism or propose a new canon for it The Victorian Novel Dreams of the Real argues that the real is inevitably for the Victorian realist novel an object of desire what the novel seeks to capture and represent A novel's construction of the real is therefore inseparable from its fantasy of the real a formulation Audrey Jaffe refers to as realist fantasy One way in which this simultaneity manifests itself is that the conventions novels frequently use to represent characters dreams daydreams and fantasies overlap with those each novel uses to create its realist effects In new readings of Victorian novels including Eliot's Adam Bede Dickens's Oliver Twist Hardy's The Mayor of Casterbridge and The Return of

the Native Trollope's *Orley Farm* and Wilkie Collins's *Armadale* The Victorian Novel *Dreams of the Real* demonstrates that one of the signal effects of this overlapping is Victorian realism's construction of the real as an object of readerly desire Jaffe shows that realism and fantasy in the Victorian realist novel are not opposed but rather occupy the same space and are shaped by the same conventions Revisiting and reconsidering key elements of realist novel theory including metonymy the insignificant detail character interiority the representation of everyday life and the idea of disillusionment The Victorian Novel *Dreams of the Real* also uncovers and anatomizes representational strategies unique to each text [Index des motifs narratifs dans les romans arthuriens français en vers](#) Anita Guerreau-Jalabert, 1992 *Annual Report of the State of Horticultural Society* Missouri State Horticultural Society, 1888 **ACCIDENTAL MEETING** LEE A.
