Accrington Pals Trail:

Accrington Pals William Bennett Turner, 1998-07-16 A battlefield guide to the World War I exploits of the 11th Battalion East Lancashire Regiment made up of volunteers who had enlisted together Follow the footsteps of the Pals in their journey from Lancashire to their training camps in England and Wales and to the villages and battlefields of France A comprehensive account with maps and pictures of a Pals Battalion s service throughout the war The Battleground series is designed for both the battlefield visitor and the reader at home For the former this book is an invaluable guide and each site is described in detail For everyone there are graphic descriptions of action often through first hand accounts supported by illustrations diagrams and maps

Operation Bluecoat Ian Daghish, 2002-06-30 After two months of bitter combat in Normandy Operation Bluecoat transformed the campaign into a war of movement British and German armoured divisions were flung against one another Over the rugged terrain of the Suisse Normande thrust met with counter thrust in a rapidly changing mobile battle This is the story of the breakthrough begun on 30th July by 11th Armoured Division Guards Armoured Division and 15th Scottish Division This was initially opposed by 21 Panzer Division and later by the Germans most powerful divisions in the west 9 SS Panzer Hohenstaufen and 10 SS Panzer Frundsberg The story of Bluecoat includes examples of virtually every type of Second World War armoured combat from infantry tanks to specialised flame throwers and minesweeping tanks from light armoured reconnaissance units to the heaviest battle tanks of the Second World War The experiences of both sides German as well as British are related as the story of a swirling armoured Melle is played out under the hot summer sun between Caumont and Vire

Battle for the Escaut, 1940 Jerry Murland, 2016-11-30 On 10 May 1940 the British Expeditionary Force BEF under the command of Lord Gort moved forward from the Franco Belgian border and took up positions along a 20 mile sector off the River Dyle to await the arrival of the German Army Group B Their expected stay was considerably shorter than planned as the German Army Group A pushed its way through the Ardennes and crossed the Meuse at Sedan scattering the French before them Little did the men of the BEF realise that the orders to retire would result in their evacuation from Dunkirk and other channel ports The line of the River Escaut was seen as the last real opportunity for the Allied armies to halt the advancing German Army but the jigsaw of defence was tenuous and the allied hold on the river was undone by the weight of opposing German forces and the speed of the armoured Blitzkrieg thrust further south As far as the BEF were concerned the Battle for the Escaut took place on a 30 mile sector from Oudenaarde to Blharies and involved units in a sometimes desperate defence during which two Victoria Crosses were awarded This book takes the battlefield tourist from Oudenaarde to Hollain in a series of tours that retrace the footsteps of the BEF With the help of local historians the author has pinpointed crucial actions and answered some of the myriad questions associated with this important phase of the France and Flanders campaign of 1940

[Walking in Lancashire](#) Mark Sutcliffe, 2021-06-15 Offering 40 day walks in Lancashire this guidebook explores the often overlooked regions of Forest of Bowland Ribble Valley and West

Pennine Moors With walks ranging from low level valley trails to higher hill routes this guidebook offers plenty of year round walking options for active families and committed hikers alike The walks are accessible from a range of nearby villages towns and cities including Preston Blackburn Burnley Chorley Lancaster and Clitheroe Lancashire showcases some of the most varied walking in the UK featuring the wide expanse of Morecambe Bay the Forest of Bowland AONB and limestone fringes of the Yorkshire Dales These walks travel along green valleys gritstone moors and untamed hillsides to explore remnants of Lancashire s rich history The War of the Roses the Pendle witch trials and the industrial heritage of the West Pennine Moors Providing detailed route description and clear OS mapping for all 40 walks this guidebook includes an introduction full of information about the area including accommodation transport and access The appendices contain a route summary table to help you plan your days out while each walk offers notes on wildlife history geology and available refreshments

Cherbourg Andrew Rawson,2004-09-19 Following the landings in Normandy one of the Allies main concerns was how to supply the expanding beachhead Having cut off the Cotentin peninsula General Bradley turned his attentions to the port of Cherbourg the deep water port nearest to the American landing beaches However Hitler had given specific orders that the port must be held until the last man For over two weeks three divisions battled for the ring of forts surrounding the town and only after heavy casualties was the port taken It was however too late the Germans had reduced the docks to ruins This book details this important yet little known battle giving a detailed and illustrated account of the events around Cherbourg in June 1944 Visitors to the area will also be able to visit the key sites on a series of tours around the peninsula **On the Trail of**

the Poets of the Great War Helen McPhail,Philip Guest,2001 Siegfried Sassoon and Robert Graves were two of the most famous British authors of the 20th century but they are remembered by many World War I buffs primarily as officers in the Royal Welch Fusiliers This unique guide traces the wartime service of the authors identifies actual people and places in their works and gives biographical detail on their long post war lives and careers Includes full bibliography *Loos: Hill 70*

Andrew Rawson,2008-10-20 The Battle of Loos formed part of a wider offensive conducted by both French and British Forces in September 1915 The British First Army under the leadership of General Haig were to break through the German line at Loos thanks in part to their superior numbers while other operations were to achieve a similar result in Champagne and at Vimy Ridge Due to lack of artillery the Loos attack was planned to be preceded by a massive gas attack Chlorine gas would hopefully entirely overcome the Germans inadequate gas masks and lead to a swift breakthrough Unfortunately all did not go to plan First some of the gas was blown back into the British trenches causing over 2 000 casualties Then when the assault itself took place the attackers were met by fierce German resistance none more so than at Hill 70 where the German defences were strong Despite many waves of attack very few troops made it into enemy trenches After a few days the attack had to be called off It had cost 60 000 British casualties for virtually no gain Rudyard Kipling s son John serving with the Irish Guards was also lost **Citizen Soldiers** Helen B. McCartney,2005-11-03 The popular image of the British soldier in the

First World War is of a passive victim caught up in events beyond his control and isolated from civilian society This book offers a different vision of the soldier s experience of war Using letters and official sources relating to Liverpool units Helen McCartney shows how ordinary men were able to retain their civilian outlook and use it to influence their experience in the trenches These citizen soldiers came to rely on local civilian loyalties and strong links with home to bolster their morale whilst their civilian backgrounds helped them challenge those in command if they felt they were being treated unfairly The book examines the soldier not only in his military context but in terms of his social and cultural life It will appeal to anyone wishing to understand how the British soldier thought and behaved during the First World War

Ladysmith Lewis Childs,1999 Victorious Boer mounted troops bottled up a substantial British force in the town of Ladysmith in October 1899 Numerous battles were fought in succeeding months by British relief columns unsuccessfully attempting to raise the siege While British troops on the outside using outmoded tactics were falling victim to Boer marksmen the soldiers and civilians within besieged Ladysmith were displaying remarkable ingenuity Makeshift weapons and daring tactics kept the Boers at bay and the city fed while British relief forces slowly approached many landmarks from the siege of 1899 still survive and this unique guide give a full account of all of them as well as full details of all the events and personalities of the original battles

Battleground South Africa continues the high standards of **BATTLEGROUND EUROPE** in presenting historical locals to visitors and general readers alike

Hell's Highway Tim Saunders,2001 101 Airborne Division US Guards Armoured Division

The Battles of St Albans Peter Burley,Michael Elliott,Harvey Watson,2007 St Albans is unique in having been the site of two pivotal battles during the Wars of the Roses yet this is the first book length account to have been published It offers a gripping account of the fighting and of the politics and intrigue that led to it and it incorporates the results of the latest research The authors also plot the events of over 500 years ago onto the twenty first century landscape of St Albans so that the visitor can retrace the course of each battle on the present day ground

The Battle of Neuve Chapelle Geoffrey Bridger,2000 Neuve Chapelle a lost battlefield is now opened up for the explorer to learn more about the actions that took place there In Early 1915 the British decided to take the offensive for the first time in the war against German positions in Northern France The initial objective was a bulge about one mile across in their lines at Neuve Events which took place here early in 1915 are described in detail and show why this almost forgotten battle set the course of the war

Gully Ravine Stephen J. Chambers,2003 This book concentrates on Gully Ravine and its immediate area on the western side of the Helles battlefield Here trench fighting raged throughout the campaign culminating in the Battle of Gully Ravine between 28 June and 5 July 1915 This attack was a successful piece of planning and execution enabling the British to capture five lines of Turkish trenches seriously threatening the Turkish hold on the southern tip of the peninsula After this attack the region fell into the deadlock of trench warfare which brought its horrors as well as its monotony This beautiful and picturesque area of Gallipoli is seldom visited and its part in the campaign almost forgotten The book is well researched and contains a high

proportion of original photographs and maps which have never been published before **Redan Ridge** Michael Renshaw,2004 This tells of the fighting on Redan Ridge in 1916 The sector was occupied by the 4th Division made up of some of the veteran regular battalions the Old Contemptibles although few of the original members had survived thus far It was mainly Territorials and new army men who fought here **Stand To!** ,1998 **Combles** Paul Reed,2002 Combles was the largest village on the Somme in 1916 and fighting for its possession began in September 1916 Flanked by two large woods to the west Bouleaux Bully and Leuze Lousy these became the front line where men of the 56th London Division fought and died The bastion of Combles finally fell to a combined English and French attack Tanks were used here in their first action on the Western Front **From Wakefield to Towton** Philip A. Haigh,2002 The Wars of the Roses were a complicated bloody affair but the period and conflicts covered by this book were remarkably clear Philip Haigh tells a tale of treachery and deceit in Yorkshire **Gallipoli** Huw Rodge,Jill Rodge,2003 This book describes in some detail the actions just prior and after the landings on the beaches around Helles by the British 29 Division on those fateful days of the 25 and 26 April 1915 It is dedicated to the memory of all those who fought there many of whom did not survive It describes some of the necessary preparations and the courageous story of the men who landed on the five beaches on the tip of the Gallipoli Peninsula designated W V X Y and S by the British High Command in their plan to force a passage through the Dardanelles to Constantinople By using graphic eye witness accounts contemporary sketches maps and photographs the book brings alive the courage and self sacrifice of the battalions involved including the story of the S5 River Clyde at V Beach and the actions of those 15 men who were awarded the Victoria Cross for gallantry during the two days of 25 and 26 April which epitomize the bravery of the entire landing forces A full day Car Tour is included together with battlefield walks relating to each of the five beaches useful practical advice and descriptions of Memorials and Cemeteries which should enable visitors to appreciate the significance and relevance of what happened during that particular time **Bastogne** Michael Tolhurst,2001 One of the most dramatic episodes of the Ardennes campaign took place in the small crossroads town of Bastogne Belgium The defense of the town was entrusted to the 101st Airborne Division which carried no heavy artillery or tanks and yet was surrounded by a steel ring of three German panzer divisions that massively outgunned the paratroopers When the German commander of the besieging forces demanded surrounded from American leader General Anthony McAuliffe he received one of the most famous replies in military history Nuts The American s held on desperately to the town for more than three days On Christmas day the Germans tried one last massive offensive against the tired troops The airborne troopers using the last of their meager weapons with bravery heroism and determination stopped wave after wave of white clad Germans until clearing weather allowed Allied planes and Patton s tanks to finally lift the siege Drawing on eyewitness accounts this excellent book paints a graphic picture of the battle that was at the very center of Hitler s last gamble Numerous photos through the text illustrate then and now scenes and bring to life the epic battle **Cambrai** Jack Horsfall,Nigel Cave,1999 Cambrai is most

well known for the tank battle which took place in 1917 Although initially successful it soon became disastrous and as on other occasions throughout the War the area changed hands many times Illustrated with then and now pictures this book unravels the history of the area for those either visiting or exploring it from their armchairs
