Ancient Rome Monica M. Bontty, 2020-03-17 This book shares little known facts from and excerpts of primary source documents to correct popular misconceptions about Ancient Rome and to show how those misconceptions became widespread Roman personalities and history have always had a larger than life profile in American popular culture but most people think of this ancient civilization as merely decadent cruel and elitist Most of our stereotypical conceptions of the empire and its people however are wrong This book corrects popular misconceptions about the ancient Roman world thus making ancient history relevant and accessible to modern readers and allowing modern critics of American politics and society to draw accurate comparisons Each chapter discusses how a particular misconception developed spread and evolved into what we now believe to be the historical truth Topics discussed include crucifixion the destruction of Carthage Julius Caesar's last words and Roman hygiene Excerpts from primary source documents provide evidence of both the rise of the historical fictions and the truths behind the myths

Ancient Rome, 2014 *Televising Ancient Rome in the Twenty-First Century* Lisa Maurice, 2025-10-31 Ever since HBO BBC's Rome burst onto screens in 2005 Rome has appeared on television screens in a variety of dramatic productions These utilise many of the elements of ancient Rome that were familiar to audiences from big screen epic movies but adapt them for a television genre in a manner that is characteristic of the the second millennium playing on older tropes and merging them with new formats Where do such tropes come from and how have they been

developed over time specifically on the small screen a medium that overlaps with but is substantially different from the cinema How have the changes in technology and the manner in which television is consumed by audiences influenced the productions Answering these questions and more this book examines the presentation of ancient Rome in primarily British and American television productions of the twenty first century exploring not only how they depict the ancient world but how the various programmes reflect aspects and concerns of contemporary society in which they are produced Through a series of nine different case studies it considers three main issues the miniseries format as television epic sexuality and gender in contemporary ancient Rome productions and specific national contexts

Ancient Rome's Worst Emperors L J Trafford,2024-01-30 Who qualifies as the worst of Roman emperors and why Join L J Trafford for a tour of the very worst leadership in ancient Rome featuring Caligula Commodus and many more Between 27 BCE and 476 CE a series of men became Roman Emperor ruling a domain that stretched across Europe North Africa and the Near East Some of them did this rather well expanding Rome s territories further installing just laws and maintaining order within the city Others however were distinctly less successful at the job Ancient Rome s Worst Emperors takes an engaging and amusing look at the mad the bad and the catastrophically incompetent of Rome s rulers From the sadistically cruel Caligula to the hopelessly weak Valentinian II there were many who failed dismally at the top job for a variety of reasons But what qualifies someone as

a worst emperor What evidence is there to support it And should we believe any of it Join us on a tour of the very worst leadership ancient Rome has to offer as we delve into sadistic acts of cruelty paranoia run rampant poor decision making skills and the danger of being the wrong man at the wrong time **The Classical Weekly** ,1924 *A History of Classical Scholarship: The eighteenth century in Germany, and the nineteenth century in Europe and the United States of America* John Edwin Sandys,1908 *Proceedings of the Classical Association* Classical Association (Great Britain),1922 Rules and list of members included in each volume *Classical Weekly* ,1908 **Ancient Rome** Paul A. Zoch,2012-11-28 The events and personalities of ancient Rome spring to life in this history from its founding in 753 B C to the death of the philosopher emperor Marcus Aurelius in A D 180 Paul A Zoch presents in contemporary language the history of Rome and the stories of its protagonists such as Romulus and Remus Horatius and Nero which are so often omitted from more specialized studies With an eye detail Zoch guides his readers through the military campaigns and political developments that shaped Rome s rise from a small Italian city to the greatest imperial power the world had ever known We witness the long struggle against the enemy city of Carthage We follow Caesar as he campaigns in Britain and we observe the ebb and flow of Rome s fortunes in the Hellenistic East Writing with the belief that such stories contain moral lessons that are relevant today Zoch presents a narrative that is both entertaining and informative An afterword takes the history to the fall of the Roman Empire in the West in A D 476 **Ancient Rome** Anna Maria Liberati,1996 Ancient Rome is an authoritative and comprehensive look at the splendor of the Roman Empire its rise and fall and its impact on world history architecture politics culture and art *A Classical Dictionary of Biography, Mythology, and Geography* William Smith,1872 **The End of the Past** Aldo Schiavone,2000 THIS SEARCHING INTERPRETATION of past and present addresses fundamental questions about the fall of the Roman Empire Why did ancient culture once so strong and rich come to an end Was it destroyed by weaknesses inherent in its nature Or were mistakes made that could have been avoided was there a point at which Greco Roman society took a wrong turn And in what ways is modern society different Western history is split into two discontinuous eras Aldo Schiavone tells us the ancient world was fundamentally different from the modern one He locates the essential difference in a series of economic factors a slave based economy relative lack of mechanization and technology the dominance of agriculture over urban industry Also crucial are aspects of the ancient mentality disdain for manual work a preference for transcending rather than transforming nature a basic belief in the permanence of limits Schiavone s lively and provocative examination of the ancient world the eternal theater of history and power offers a stimulating opportunity to view modern society in light of the experience of our forebears **Ancient Rome** Duncan Taylor,1960 Introduces the history and background of ancient Rome
