Commodity Exports and African Economic Development Scott R. Pearson, John Cownie, 1974 Monographic compilation of case studies to illustrate the interrelationships between commodity exports and economic development in Africa south of Sahara analyses the role of export oriented industries in several countries and includes government policy implications with regard to export promotion etc References and statistical tables

Primary Commodity Exports and Economic Development John T. Thoburn, 1977

Primary Commodities and Economic Development Stephan Pfaffenzeller, 2016-08-12 Our post industrialised global economy has achieved spectacular success and pushed back poverty to an extent previously thought impossible This success is ultimately based on the continued supply of both renewable and non renewable resources Will this supply of primary commodities remain sufficient to support global economic growth Why are the gains for countries specialising on commodity production often so limited Can commodity dependent countries diversify into other economic activities Primary Commodities and Economic Development addresses the changing position of primary commodities in the world economy and investigates their importance for commodity exporting under developed countries The book commences with a review of the theoretical foundations for inter dependence between commodity specialisation and economic underdevelopment Having related the role of commodity exports and the commodity terms of trade to growth models relevant to developing economies the discussion shifts to an in depth review of the statistical properties of the commodity terms of trade The review of commodity price trends at the global level is then rounded off with a series of country case studies showing the concrete threats and opportunities surrounding commodity specialization This book will be of essential reading for those with an interest in development economics and international economics as well as for scholars of natural resource and agricultural economics

Commodity Prices and Development Roman Grynberg, Samantha Newton, 2007 Presenting a complete analysis of the issues surrounding commodity prices and development this study provides a number of recommendations and policy prescriptions to address the unique set of development issues faced by countries reliant on only a handful of commodities for export earnings

Dependence 2021 DIVISION ON INTERNATIONAL TRADE AND. UNITED NATIONS CONFERENCE ON TRADE AND DEVELOPMENT. COMMODITIES,2021-11 This 2021 edition of the State of Commodity Dependence contains statistical profiles for 195 UNCTAD member States *The Evolution of Economic Development in Africa* Francis K. Mbroh,2021-07-11 Within the theoretical framework of the trade growth and structural transformation growth nexuses the book examines the evolution of African goods and service trade in terms of value and share of global commerce relative to other regions during the period 1948 2017 It also identifies and discusses discernible changes in the composition and structure of African exports and imports between 1995 and 2015 and their implications for economic development in Africa The study attributes Africa's laggard trade performance during the period primarily to sub optimal macroeconomic policies and lack of bold export development policies and initiatives among other factors It also offers an incisive discussion of several inhibitions to the structural transformation of African exports and imports including lack of finance globalization tariff and non tariff measures in global markets The discussion of the evolution of African trade during the period 1948 2017 based on statistics and publications of international organizations including the UNCTAD the World Bank and the African Development Bank among others is the first of its kind in terms of scope and depth of review of African trade The analyses of cross border trade during 1948 2017 and their implications for Africa's economic development prospects constitute a useful reference material for academics and students of African and development studies and African and international policymakers Commodities, Governance and Economic Development under Globalization Machiko Nissanke,George Mavrotas,2010-01-20 Alfred Maizels work on commodity trade and prices documented trends in a major area of international economic relations This book elaborates the ideas in the tradition of Maizels contributions and discusses and extends these theories in relation to current problems *Primry Commodity Exports and Economic Development* John T. Thoburn,1977 The Economic Development of France and Germany, 1815-1914 Sir John Harold Clapham,1923 **Export Instability and Economic Development** Alasdair Macbean,2012-07-26 When this work was first published in 1966 there was much interest in various types of commodity agreements and compensatory financing as methods of reducing the effects of export fluctuations on the economies of developing countries The book concluded that short term fluctuations in export earnings though perhaps important for some countries did not appear to be the general problem that had been assumed If correct it would suggest that any measures should be carefully designed to fit the situations of countries that were affected and be subjected to cost benefit analysis This led to many published and unpublished studies on the issues some supported others contradicted the book's conclusions The data available now are vastly greater and probably more accurate than pre 1966 However the work and the issues it raised remain important because most schemes proposed to reduce export instability would be costly and likely to divert resources from uses more obviously aimed at raising economic development in most developing countries **Export Instability and Economic Development** Alasdair I.
