## Comfortable Pew:

The Comfortable Pew Pierre Berton, 1965     **The Comfortable Pew** Pierre Berton, 1970     The Comfortable Pew Pierre Berton, 1966     **The Restless Church** William Kilbourn, 1966     *Comfortable Pew* Pierre Berton, 1990     *Who's Minding the Story?* Jeff Seaton, 2018-07-19

*Who's Minding the Story* examines the trajectory of the United Church of Canada since its heyday in the mid 1960s. Jeff Seaton argues that the denomination accepted the criticisms leveled at it by proponents of secular theology in the 1960s and made sweeping changes to its practices its presentation of the Christian story and its engagement with the world. Seaton argues that these adjustments which continue to exert strong influence in the denomination today as witnessed in the approaches of influential contemporary United Church leaders John Pentland and Gretta Vosper have seriously weakened the United Church's Christian identity and contributed to its decline. Engaging the work of Canadian philosopher Charles Taylor in his magisterial volume *A Secular Age* Seaton questions the assumptions that undergird secular theology. The book concludes with an invitation to the United Church to make a course correction by reengaging with the Christian tradition while maintaining its commitment to social justice in a formulation Seaton names progressive orthodoxy.

*The restless church; a response to the comfortable pew* William Kilbourn (ed), 1966     **The Sixties and Beyond** Nancy Christie, Stephen J. Heathorn, Michael Gauvreau, 2013-03-07

In the decades following the Second World War North America and Western Europe experienced widespread secularization and dechristianization many scholars have pinpointed the 1960s as a pivotally important period in this decline. *The Sixties and Beyond* examines the scope and significance of dechristianization in the western world between 1945 and 2000. A thematically wide ranging and interdisciplinary collection *The Sixties and Beyond* uses a framework that compares the social and cultural experiences of North America and Western Europe during this period. The internationally based contributors examine the dynamic place of Christianity in both private lives and public discourses and practices by assessing issues such as gender relations family life religious education the changing relationship of church and state and the internal dynamics of religious organizations. *The Sixties and Beyond* is an excellent contribution to the burgeoning scholarship on the 1960s as well as to the history of Christianity in the western world.

**The Search for a Symbol** William R. H. Haughton, 2022-03-24

*A New Creed* is by all accounts a dominant feature of The United Church of Canada. Since its initial writing in 1968 it has come to be a primary symbol of the denomination in the ancient Christian baptismal sense of the word and also in the modern. *The Search for a Symbol* reveals the fascinating and largely untold story of *A New Creed*'s origins. It also engages in an unprecedented historical literary and theological analysis of the creed's text. This book offers the provocative argument that though *A New Creed* should continue to have a place in the life and liturgy of Canada's largest Protestant church it does not take full advantage of the possible benefits that can come from healthy practices of creedal confession namely teaching people about the biblical story of salvation as well as connecting them in relationship with God and one another. For these purposes the

Apostles and Nicene Creeds are shown to be better confessional options and readily available ones within The United Church's tradition
