Commanders Of Auschwitz:

Commanders of Auschwitz Jeremy Dixon, 2005 Finally a single volume detailing the SS officers that served in the largest and most infamous of Hitler's concentration camps Auschwitz Birkenau This volume begins with a brief history of this concentration camp and then details briefly the different departments that made up the command structure of this camp The book goes on to describe the evacuation and liberation of Auschwitz and some of the major trials are described before the author gives brief descriptions of what Auschwitz Birkenau is like today The second part of the book is a biographical study of the SS officers in alphabetical order The SS officers described inside this book were the commanders of the camp the men with power some with power over life and death Inside you will meet the commandants Lagerführers doctors dentists Gestapo officials adjutants administration officers and sentry commanders Some went on to fight at the front and won awards for bravery others helped to save the lives of the inmates and of course others were there to help with the administration of the Holocaust The biographical details of the SS officers have been set out in the following way Under the name is the last rank held by the officer with his most important position obtained at Auschwitz Next is the officer's SS number and Nazi Party number where known followed by his promotions which in some cases included both the Allgemeine SS General SS and Waffen SS Armed SS The biographical detail of this book alone adds vast clarity to the gaps in biographical information in other books on Auschwitz Inside this book are the details of 162 SS officers who served at Auschwitz Birkenau Along with over 140 rare black and white photographs some never published before is a detailed appendix and index

Subjectivity in 'Attār, Persian Sufism, and European Mysticism Claudia Yaghoobi, 2017-05-15 Adopting an empirical and systematic approach this interdisciplinary study of medieval Persian Sufi tradition and Attār 1145 1221 opens up a new space of comparison for reading and understanding medieval Persian and European literatures The book invites us on an intellectual journey that reveals exciting intersections that redefine the hierarchies and terms of comparison While the primary focus of the book is on reassessing the significance of the concept of transgression and construction of subjectivity within select works of Attār within Persian Sufi tradition the author also creates a bridge between medieval and modern literature and theory and European and Middle Eastern cultures through reading these works alongside one another Of significance to the author is Attār's treatment of enlightenment with regard to class religious gender and sexuality transgressions In this book the relation between transgression and the limit is not viewed as one of liberation from oppressive restrictions but of undoing the structures that produce constraining binaries it allows for alternatives and possibilities In conjunction with the concepts of transgression and the limit the presence of society's marginalized pariahs outcasts and untouchables are central to the book's main argument about construction of subjectivity which the author believes is framed within Attār's notion of mystical love and human diversity The book addresses the question of whether concepts such as transgression limit and subjectivity are solely applicable to modern times or they can shed light on our understanding of transgression and subjectivity from the

past The author's comparative inquiries aim to intensify our understanding of these notions advanced in both the medieval and the modern world Through summoning works from various genres disciplines cultures and times the author posits that medieval literary works are living texts that can reveal as much about our present selves as they do about the past

Moral Blindness in Business Jacob Dahl Rendtorff, 2020-08-03 In this book Jacob Dahl Rendtorff investigates moral blindness in business and public administration based on Hannah Arendt's concept of banality of evil in her famous report on the Nazi criminal Adolf Eichmann trial in Jerusalem in 1961 Moral blindness and evil in management is instrumental wrongdoing inflicted upon human beings as a violation of their dignity and humanity Organizational evil in business bureaucracies and public administration is analysed with focus on obedience to authority and systemic role conformity of managers and administrators This includes the critical question about how concepts of banality of evil and moral blindness can explain ethical insensibility and lack of moral understanding in business and administration Rendtorff proposes a humanistic vision of management and ethical leadership Moral thinking responsibility and moral judgment is essential in management and governance in business and administration This book is a must read for academics and practitioners studying and working in philosophy of management business ethics political philosophy administration ethics and corporate social responsibility

Reconciling Responsibility with Reality Johannes Block, 2023-08-26 This book explores the issue of leadership criminality from a new angle by comparing two highly relevant modes of responsibility By contrasting individual criminal responsibility for ordering international crimes with indirect perpetration through an organisation it shows the doctrinal weaknesses of the latter and outlines the much overlooked advantages of the former The volume analyses the development of both forms of responsibility looking at their origins and their reception in academia and practical use in jurisprudence The history of indirect perpetration through an organisation Organisationsherrschaft is portrayed from its German academic origin through German jurisprudence to the reception of the doctrine at the International Criminal Court By comparing the doctrine's stages of evolution the book sheds light on the different aspects of the various models of indirect perpetration through an organisation and carves out general and fundamental criticism of it The characteristics of ordering liability are explored in depth through an analysis of jurisprudence of the Nuremberg subsequent trials the ad hoc tribunals and the International Criminal Court This historic and

doctrinal comparison reveals a well defined and to date much neglected mode of responsibility with enormous potential for the adjudication of leadership figures in the ambit of international criminal law and only one conclusion can follow from this analysis it calls for practitioners and academics to leave the well trodden paths of national criminal law doctrine and embrace truly international modes of liability such as the ordering of a crime This volume in the ICJ series provides practitioners researchers and students with a detailed account of forms of leadership liability and an innovative approach to the topic s most discussed issue Dr Johannes Block is a criminal lawyer specializing in international criminal law responsibility of leadership figures questions of perpetration and participation in crime as well as the national socialists crimes He studied in M nster Germany and Bogot Colombia and obtained his Dr iur from the University of Cologne where he also worked and taught as a research assistant for several years His legal clerkship led him to organized crime investigations criminal defence the European Commission and the German Federal Ministry of Justice

Everything Is F*cked Mark Manson,2019-05-14 New York Times Bestseller Just because everything appears to be a mess doesn t mean you have to be one Mark Manson s book is a call to arms for a better life and better world and could not be more needed right now Ryan Holiday bestselling author of *The Obstacle is the Way* and *Ego is the Enemy* From the author of the international mega bestseller *The Subtle Art of Not Giving A F ck* comes a counterintuitive guide to the problems of hope We live in an interesting time Materially everything is the best it s ever been we are freer healthier and wealthier than any people in human history Yet somehow everything seems to be irreparably and horribly f cked the planet is warming governments are

failing economies are collapsing and everyone is perpetually offended on Twitter At this moment in history when we have access to technology education and communication our ancestors couldn't even dream of so many of us come back to an overriding feeling of hopelessness What's going on If anyone can put a name to our current malaise and help fix it it's Mark Manson In 2016 Manson published *The Subtle Art of Not Giving a F*ck* a book that brilliantly gave shape to the ever present low level hum of anxiety that permeates modern living He showed us that technology had made it too easy to care about the wrong things that our culture had convinced us that the world owed us something when it didn't and worst of all that our modern and maddening urge to always find happiness only served to make us unhappier Instead the subtle art of that title turned out to be a bold challenge to choose your struggle to narrow and focus and find the pain you want to sustain The result was a book that became an international phenomenon selling millions of copies worldwide while becoming the #1 bestseller in 13 different countries In *Everything Is F*cked* Manson turns his gaze from the inevitable flaws within each individual self to the endless calamities taking place in the world around us Drawing from the pool of psychological research on these topics as well as the timeless wisdom of philosophers such as Plato Nietzsche and Tom Waits he dissects religion and politics and the uncomfortable ways they have come to resemble one another He looks at our relationships with money entertainment and the internet and how too much of a good thing can psychologically eat us alive He openly defies our definitions of faith happiness freedom and even of hope itself With his usual mix of erudition and where the f*ck did that come from humor Manson takes us by the collar and challenges us to be more honest with ourselves and connected with the world in ways we probably haven't considered before It's another counterintuitive romp through the pain in our hearts and the stress of our soul One of the great modern writers has produced another book that will set the agenda for years to come

The Nazi Holocaust Michael Robert Marrus,1989 *Periodic Reports on the Jewish Position* ,1960 *The Holocaust* Paul Kuttner,1996 The book is composed of statements made by deniers and Kuttner's rebuttals based on historical documents and testimonies Presents the main arguments put forward by Holocaust deniers Some of them allege that the Holocaust did not take place at all others try to diminish its scope or relativize it Some revisionists although they do not deny the fact of the mass murder of Jews challenge the existence of killing centers and gas chambers or try to absolve perpetrators or collaborator groups of responsibility Many allegations attack the Jews in one way or another and border on justification of the Nazi genocide ***Inside the Nuremberg Trial*** Drexel A. Sprecher,1999 Contains primary source material ***Georg Jilovsky, 1884-1958*** Jiří Jilovský,Arno Pařík,2005 ***Jewish Resistance in Nazi-occupied Eastern Europe*** Reuben Ainsztein,1974 *The Destruction of the European Jews* Raul Hilberg,1985 Appendix A German ranks Appendix B Statistics of Jewish dead Appendix C Notation on sources Index pp 1233 1274 ***Perpetrating the Holocaust*** Paul R. Bartrop,Eve E. Grimm,2019-01-11 Weaving together a number of disparate themes relating to Holocaust perpetrators this book shows how Nazi Germany propelled a vast number of Europeans to try to re engineer the population base of the continent through mass

murder A comprehensive introductory essay along with a detailed chronology reference entries primary sources images and a bibliography provide crucial information that readers need in order to understand Hitler s plan as carried out through legislation and armed violence The book also demonstrates that both within Nazi Germany and in other parts of Europe all sectors of society played a role in planning facilitating and executing the Final Solution In addition to entries on nearly 150 perpetrators the book includes 25 primary source documents ranging from government memoranda to first hand observations of Nazi killing activities to field reports from senior officers on the scene of Holocaust killing sites Also included are excerpts from literary memoirs Students and researchers will find these documents to be fascinating statements as well as excellent source material for further research
