Commitment To Character:

Commitment to Character Donna Baldwin, 2000* *Commitment, Character, and Citizenship* Hanan A.

Alexander, Ayman K. Agbaria, 2012-05-31 As liberal democracies include increasingly diverse and multifaceted populations the longstanding debate about the role of the state in religious education and the place of religion in public life seems imperative now more than ever The maintenance of religious schools and the planning of religious education curricula raise a profound challenge Too much state supervision can be conceived as interference in religious freedom and as a confinement of the right to cultural liberty Too little supervision can be seen as neglecting the development of the liberal values required to live and work in a democratic society and as abandoning those who within their communities wish to attain a more rigorous education for citizenship and democracy This book draws together leading educationalists philosophers theologians and social scientists to explore issues problems and tensions concerning religious education in a variety of international settings The contributors explore the possibilities and limitations of religious education in preparing citizens in multicultural and multi religious democratic societies

Young Sir Levi W Harrell, 2018-09-30 The Urban Dictionary says a Young Sir is what cool people call themselves when being modest I have a different definition It s the moment you realize you re no longer a boy but not yet a man It should be the stage of life when you realize that your life has a purpose but more often it s a period of confusion A Young Sir is actually living through a series of very pivotal moments where preparation is needed to shape the character of the man he becomes The road to being a Young Sir can start in grammar school or college The young men who travel it should have help along the way But many like me really don t Instead they have to learn how to reach manhood by themselves This book is written to show them how to do so without becoming the type of childlike adult who knows nothing We all have struggles The problem is most of us choose to do it alone That means there are few guideposts for others who see our success and want to follow It is my desire that this book will help young men all over the world live lives of character commitment and courage Levi Harrell started life knowing his father didn t want to acknowledge him I learned that he and my paternal grandmother demanded a DNA test when I was a one year old he will tell you softly The proof positive results did nothing to build a father son relationship and left Levi spending a good portion of his life wondering why his father wouldn t love him Seeds of self doubt rooted themselves into Levi because of his father s rejection Those seeds took years to uproot Levi destroyed the belief system based on rejection out of his life by creating powerful self rejuvenation tools He calls them principles I realized that there was really no one to teach me how to be a man how to be successful or how to grow up he explains So I looked at the lives of the men I admired and taught myself to copy their best characteristics What he did worked Levi is not only a successful entrepreneur but also the founder of an organization that has gone on tour motivating
