## Common Heroes:

**The Republican Hero** Michael Lusztig, 2023-11-01 Politically speaking do heroes matter Are we living in a post heroic age The Republican Hero addresses both these questions The general tenor of modern thinking is that heroes do matter but that the modern age is characterized by a narrowing of moral horizons once illuminated by heroes secular and spiritual Michael Lusztig argues that the modern world is not post heroic He makes the case that the modern age is the most heroic age if measured in terms of the Aristotelian currency of balance and completeness To this end he identifies four main hero types the epic magnanimous Romantic and common Each can rightfully be called a republican hero each contributes to the promotion or protection or provision of republican values Each exemplifies the heroic virtues of their age However taken conjunctively each contributes to what Lusztig conceives as the complete republican hero of the modern age Scribner's Magazine ... ,1920 **The Maccabean** ,1914 The Macedonian Question and the Macedonians Alexis Heraclides, 2020-12-30 This book is a comprehensive and dispassionate analysis of the intriguing Macedonian Question from 1878 until 1949 and of the Macedonians and of their neighbours from the 1890s until today with the two themes intertwining The Macedonian Question was an offshoot of the wider Eastern Question i e the fate of the European remnants of the Ottoman Empire once it dissolved The initial protagonists of the Macedonian Question were Greece Bulgaria and Serbia and a Slav speaking population inhabiting geographical Macedonia in search of its destiny the largest segment of which ended up creating a new nation comprising the Macedonians something unacceptable to its three neighbours Alexis Heraclides analyses the shifting sands of the Macedonian Question and of the gradual rise of Macedonian nationhood with special emphasis on the Greek Bulgarian and Serbian claims to Macedonia 1870s 1919 the birth and vicissitudes of the most famous Macedonian revolutionary organization the VM O RO and of other organizations 1893 1940 the appearance and gradual establishment of the Macedonian nation from the 1890s until 1945 Titos s crucial role in Macedonian nationhood cum federal status the Greek Macedonian name dispute 1991 2018 including the skeletons in the cupboard the deep seated reasons rendering the clash intractable for decades the final Greek Macedonian settlement the 2018 Prespa Agreement the Bulgarian Macedonian dispute 1950 today and its ephemeral settlement in 2017 the issue of the Macedonian language and the Macedonian national historical narrative The author also addresses questions around who the ancient Macedonians were and the fascination with Alexander the Great This monograph will be an essential resource for scholars working on Macedonian history Balkan politics and conflict resolution **SELF-CULTIVATION OF HUMAN BEINGS** SHAOYONG LI, 2021-07-19 All kinds of problems in the world in the final analysis are human problems which originate from the evil selfishness and ignorance of human nature The book Self cultivation of Human Beings reflects on the crises and contradictions faced by the world today with the Oriental scholars lofty ideals of self cultivation family regulation state governance and maintaining world peace It consists of five chapters of Spiritual Beliefs Self cultivation of Human Life The State and the Society Wisdom
