Aaron Copland's Appalachian Spring Annegret Fauser, 2017-09-27 Appalachian Spring with music by Aaron Copland and choreography by Martha Graham counts among the best known American contributions to the global concert hall and stage In the years since its premiere as a dance work at the Library of Congress in 1944 it has become one of Copland's most widely performed scores and the Martha Graham Dance Company still treats it as a signature work Over the decades the dance and the music have taken on a range of meanings that have transformed a wartime production into a seemingly timeless expression of American identity both musically and visually In this Oxford Keynotes volume distinguished musicologist Annegret Fauser follows the work from its inception in the midst of World War II to its intersections with contemporary American culture whether in the form of choreographic reinterpretations or musical ones as by John Williams in 2009 for the inauguration of President Barack Obama A concise and lively introduction to the history of the work its realization on stage and its transformations over time this volume combines deep archival research and cultural interpretations to recount the creation of Appalachian Spring as a collaboration between three creative giants of twentieth century American art Graham Copland and Isamu Noguchi Building on past and current scholarship Fauser critiques the myths that remain associated with the work and its history including Copland's famous disclaimer that Appalachian Spring had nothing to do with the eponymous Southern mountain region This simultaneous

endeavor in both dance and music studies presents an incisive exploration this work situating it in various contexts of collaborative and individual creation **Appalachian spring** Aaron Copland, 1945 A pioneer celebration in spring around a newly built farmhouse in the Pennsylvania hills in the early part of the last century The bride to be and the young farmer husband enact the emotions joyful and apprehensive their new domestic partnership invites An older neighbor suggests now and then the rocky confidence of experience A revivalist and his followers remind the new householders of the strange and terrible aspects of human fate At the end the couple are left quiet and strong in their new house Summarized by Edwin Denby Copland's librettist for the 1937 high school opera *The Second Hurricane* and as reported of the New York premiere in the *Herald Tribune* of May 15 1945 *Aaron Copland (1900-1990): Appalachian Spring, Ballet for Martha (original Version)*. , Features the an article on the American composer Aaron Copland and *Appalachian Spring* a ballet score written for Martha Graham Notes that it was Graham who suggested the title for the work Describes the scenario for the ballet and explains that the ballet score makes use of the Shaker hymn *Simple Gifts* Links to the Pro Arte Chamber Orchestra of Boston home page ["A Gift to be Simple"](#) Marta Elaine Robertson, 1992 **Appalachian spring** Aaron Copland, 2004-06 Boosey Hawkes Scores Books *Appalachian Spring* was composed in 1943-44 as a ballet for Miss Martha Graham on a commission from the Elisabeth Sprague Coolidge Foundation It was first performed by Miss Graham and her company at the Coolidge Festival in the Library of Congress Washington D C on October 30 1944 The present version is scored for the original chamber ensemble of thirteen instruments It is a condensed version of the ballet identical with the original suite derived from the ballet for symphony orchestra which retains all essential features but omits those sections in which the interest is primarily choreographic In 1945 *Appalachian Spring* received the Pulitzer Prize for music as well as the award of the Music Critics Circle of New York for the outstanding theatrical work of the season **Appalachian spring** Aaron Copland, 19??

Appalachian spring Aaron Copland, 1972 **Ives and Copland** Daniel Felsenfeld, 2004-11 Ives and Copland did not influence each other but they each helped to define and build a place for American music and composers in the pantheon of classical music which had been European dominated until that time This CD with book lays a foundation for a broader knowledge and understanding of American music in the 20th century overall 1 CD *Appalachian Spring* Aaron Copland, 1945 **Ballet for Martha** Wayne D. Shirley, 1997 **Appalachian Spring** Aaron Copland, 1945 *Music for the Common Man* Elizabeth B. Crist, 2009-01-12 In the 1930s Aaron Copland began to write in an accessible style he described as imposed simplicity Works like *El Sal n M xico* *Billy the Kid* *Lincoln Portrait* and *Appalachian Spring* feature a tuneful idiom that brought the composer unprecedented popular success and came to define an American sound Yet the cultural substance of that sound the social and political perspective that might be heard within these familiar pieces has until now been largely overlooked While it has long been acknowledged that Copland subscribed to leftwing ideals *Music for the Common Man* is the first sustained attempt to understand some of Copland's best known music in the context of leftwing

social political and cultural currents of the Great Depression and Second World War Musicologist Elizabeth Crist argues that Copland's politics never merely accorded with mainstream New Deal liberalism wartime patriotism and Communist Party aesthetic policy but advanced a progressive vision of American society and culture Copland's music can be heard to accord with the political tenets of progressivism in the 1930s and 40s including a fundamental sensitivity toward those less fortunate support of multiethnic pluralism belief in social democracy and faith that America's past could be put in service of a better future Crist explores how his works wrestle with the political complexities and cultural contradictions of the era by investing symbols of America the West folk song patriotism or the people with progressive social ideals Much as been written on the relationship between politics and art in the 1930s and 40s but very little on concert music of the era Music for the Common Man offers fresh insights on familiar pieces and the political context in which they emerged [Aaron Copland](#) Howard Pollack,2000 Features the biography of Aaron Copland his life and his music **Dance, Modernity and Culture** Helen Thomas,2003-09-02 By examining the development of modern dance in the USA in the inter war period Thomas develops a framework for analysing dance from a sociological perspective She applies her approach to among others St Denis Ted Shawn and Martha Graham **Appalachian Spring** Aaron Copland,1971 [The Victor Book of Ballets and Ballet Music](#) Robert Lawrence,1950 Starts with a brief history of ballet with brief paragraphs on some of the trend setting choreographers Outlines the plots of over 120 ballets arranged alphabetically by title and identifies key musical motifs Includes a selective discography *Aaron Copland and His World* Carol J. Oja,Judith Tick,2018-06-05 Aaron Copland and His World reassesses the legacy of one of America's best loved composers at a pivotal moment as his life and work shift from the realm of personal memory to that of history This collection of seventeen essays by distinguished scholars of American music explores the stages of cultural change on which Copland's long life 1900 to 1990 unfolded from the modernist experiments of the 1920s through the progressive populism of the Great Depression and the urgencies of World War II to postwar political backlash and the rise of serialism in the 1950s and the cultural turbulence of the 1960s Continually responding to an ever changing political and cultural panorama Copland kept a firm focus on both his private muse and the public he served No self absorbed recluse he was very much a public figure who devoted his career to building support systems to help composers function productively in America This book critiques Copland's work in these shifting contexts The topics include Copland's role in shaping an American school of modern dance his relationship with Leonard Bernstein his homosexuality especially as influenced by the writings of Andr Gide and explorations of cultural nationalism Copland's rich correspondence with the composer and critic Arthur Berger who helped set the parameters of Copland's reception is published here in its entirety edited by Wayne Shirley The contributors include Emily Abrams Paul Anderson Elliott Antokoletz Leon Botstein Martin Brody Elizabeth Crist Morris Dickstein Lynn Garafola Melissa de Graaf Neil Lerner Gail Levin Beth Levy Vivian Perlis Howard Pollack and Larry Starr [Appalachian Spring \(ballet for Martha\); The Tender Land \(orchestral Suite from the Opera\)](#) Aaron
