Daodejing Laozi, Luke H. Boyd, 2012-11-16 The Daodejing (Tao Te Ching) was originally compiled over 2500 years ago in what is now northwestern central China. This new translation of Laozi's Daodejing attempts to present a fairly literal rendering of the short, ancient Classical Chinese text. The version of the Daodejing used here is the standard received text included in the young scholar Wang Bi's third-century commentary. The entire Classical Chinese text is presented line by line from right to left on pages facing the lines of English translation. This translation differs from the dozens of previous translations and hundreds of adaptations of the Daodejing in that it doesn't project later cultural or religious beliefs back onto the text. It doesn't omit or add words in order to ignore or explain away those portions of the text that don't reflect a

modern enlightened worldview Instead footnotes are provided where necessary to explain how the book s 81 poems reflect the ancient customs and religious practices of Ancient China during what is known as the Warring States Period All of the book s poems are concerned with the mystical life force Laozi calls the Way or a related resonating personal force he calls Virtue The poems have an intimate knowing tone to them and touch on many of the concerns of Laozi s day There are myriad universal deities to be honored and spirits in nature to be considered There are the friendly spirits of ancestors to be cared for and the unfriendly ghosts of ancestors to be avoided There are farmers craftsman soldiers and aristocrats to be dealt with and robbers madmen and itinerant philosophers to be on the alert for There are treaties to be made and battles to be fought Laozi good naturedly instructs the reader on how the Way gives rise to Heaven Earth mankind and the ten thousand things Through the poems he attempts to describe the indescribable the Way s mysterious action without action and its effect on those who trust in it enough to let it guide their lives

Laozi's Dao De Jing Laozi,Ken Liu,2024-08-20 A fresh graceful translation of one of the most important and timeless classics the foundational work of

Daoism by award winning novelist Ken Liu who contextualizes and demystifies this famously enigmatic text Laozi's Dao De Jing was written around 400 BC by a compassionate soul in a world torn by hatred and ambition dominated by those that yearned for apocalyptic confrontations and prized ideology over experience By speaking out against the cleverness of elites and the arrogance of the learned Laozi upheld the wisdom of the concrete the humble the quotidian the everyday individual dismissed by the great powers of the world Earthy playful and defiant Laozi's words gave solace to souls back then and offer comfort today Now this beautifully designed new edition serves as both an accessible new translation of an ancient Chinese classic and a fascinating account of renowned novelist Ken Liu's transformative experience while wrestling with the classic text Throughout this translation Liu takes us through his own struggles to capture the meaning in Laozi's text in a series of thoughtful and provocative interstitial entries Unlike traditional notes that purport to be objective these entries are explicitly personal and unapologetically subjective Gradually as Liu learns that true wisdom cannot be pinned down in words the notes grow sparser until they fade away entirely His journey suggests the only way out of struggle is to engage with texts that have survived the millennia wrestling with ideas that gesture at something eternal in hopes that we might eventually reach that moment of transcendent joy Liu's translation by eschewing cleverness paradoxically reveals the slipperiness of Laozi's original The Dao De Jing has been translated countless times and will be translated countless times in the future In that constant change and flow we finally find our home in Dao the eternal principle that allows us finite beings in time and space to reckon and reconcile with the infinite

since antiquity and many social ills that Laozi mentioned still exist Like the Christian Bible Dao De Jing is one of the most translated works in world literature This bilingual edition with full Chinese texts and pinyin pronunciation has attempted to adhere as faithfully as possible to the original meanings in the Chinese texts and to reflect recent revisionary development in Daoist scholarship Hence the Chinese character for the Way is rendered Dao rather than Tao Dao De Jing in place of Tao Te Ching and Laozi for Lao Tzu discarding the older Wade Giles system for transcribing Chinese words This translation aims to assist Western readers to learn the Chinese language while they attempt to better understand the deeper meanings of these philosophical ideas
