Dark ride Ana Scott, 2019-05-02. *Wax Museum Movies* George Higham, 2020-10-16. Spanning over a century of cinema and comprised of 127 films, this book analyzes the cinematic incarnations of the uncanniest place on earth: wax museums. Nothing is as it seems at a wax museum. It is a place of wonder, horror, and mystery. Will the figures come to life at night, or are they very much dead, with corpses hidden beneath their waxen shells? Is the genius hand that molded them secretly scarred by a terrible tragedy, longing for revenge? Or is it a sinner's sanctum, harboring criminals with countless places to hide in plain sight? This chronological analysis includes essential behind-the-scenes information, in addition to authoritative research comparing the creation of real wax figures to the reel ones seen onscreen. Publicly accessible or hidden away in a maniac's lair, wax museums have provided the perfect settings for films of all genres to thrillingly play out on the big screen since the dawn of cinema.
