Dark Tales Light:

Dark Tales to Light the Way R. M. Ahmose, 2006-02 *Dark Tales to Light the Way* presents an excursion into the darker regions of the mind and explores some of the more pathological aspects of its functioning. Indeed, the author develops characters that gradually emerge as distinct and memorable, perhaps even unforgettable individuals whose thought processes and feelings are described often in enthralling detail and become integral facets of the essential plots of each tale. On occasion, the stories visit unsettlingly adult themes. These, however, are treated with delicate regard for the sensibilities of the reader and unfold without gratuitous sensationalism but simultaneously describe each situation with a clarity that brings the events alive in the imagination. Bestowed by all appearances with an uncanny understanding of the mental workings that motivate human behavior, the author displays an equally dazzling ability to describe these phenomena via the written word. From eight-year-old Phoebe Oats in story one, who demonstrates an adult-like quality for defying the pleas of individuals much her elder, even a guardian angel, to Carl Horton in story two, whose psychological attributes can baffle the most clinically adept practitioner, the characters and events of *Dark Tales* are designed to haunt the mind. **The Dark Light**

Sara Walsh, 2013-12-03 When seventeen-year-old Mia's ten-year-old brother becomes the latest child to disappear, she discovers that her town of Crownsville, Nebraska, adjoins another world, and with help from new friend Sol, she tries to rescue him from the Suzerain who is trying to destroy her world. *Dark Tales and Twisted Verses* A. L. Butcher, *Dark Tales of Ghosts of War, Blood from the Autumn of Terror, the Wrath of Nature, an Unusual Murder, and a Cynical Vampire*. Twisted poetry of loss and mayhem. Some adult themes and language. Winner of the NN Light Best Short Story Category 2021. **LIGHT READING AND DARK TALES**. PHILIP. HOLDEN, 2017. **The Year's Best Fantasy and Horror 2008** Kelly Link, 2008-09-30 Collects fantasy, horror, fairy tales, and gothic stories chosen from the past year, including works by Ursula K. LeGuin, Neil Gaiman, and Bill Lewis. *Far North & Other Dark Tales* Sara Maitland, 2008 More modern traditional tales from an acknowledged master of the genre, drawing on the author's deep knowledge of classical mythology and traditional stories from every continent. *Far North* based on an Inuit myth, is set among desperate women in the frozen north surviving against all odds. Here is a new version of the Grimm's tale of the seven swan brothers and their sister's vow of silence; the Sirens justify the mayhem they wreak on the Greek sailors while a tribe struggles over the tattooing of babies in the Amazon; Scheherazade is still trying to stay alive by telling stories, and the Princess Kalito tries to free both her feet and her heart from their bindings. All these stories formally bold and innovative, emotionally edgy, and deeply imbued with a sense of location, address Sara Maitland's primary concerns about the links between beauty and terror, modernity and ritual. Intertwining the everyday and the inexplicable, to a witty and disquieting effect, her wildest flights of fantasy are anchored in deep psychological understanding and vivid description overlaid with a wickedly ironic humor. Tydeman, 2013-08-26 Known as an advocate for the endangered earth Barry Lopez is one of America's preeminent writers on nature This invigorating book invites readers to sit down with Lopez and his friend William E Tydeman to engage with their conversations about activism the life of the mind and all things literary Even readers who think they know everything there is to know about Lopez will learn much from this richly informative book both from Tydeman's concise biography of Lopez and

from the dialogue about Lopez's ideas and experiences. The three interviews and Tydeman's reflections on other discussions with Lopez gathered here address nature, human beings' relationship to the land, the tension between political activism and the life of the intellectual, memory and reconciliation, the artist's social responsibility and the business of authorship. What is the nature of the relationship between the writer and the reader? Lopez asks. It's reciprocal, contractual and moral. Lopez's thoughts on the importance of authenticity will resonate with every reader or writer, as will his deep commitment to story in all his work. He and Tydeman engage in illuminating exchanges on style and genre, the publication process and relationships among authors, editors and publishers. Both men are interested in photography and its relationship to writing, a subject on which they offer thought-provoking comments. A comprehensive annotated bibliography of Lopez's writings by archivist Diane Warner rounds out the volume.
