Darker Angels:

Darker Angels M.L.N. Hanover, 2009-09-29 In the battle between good and evil there is no such thing as a fair fight When Jayn Heller's uncle Eric died she inherited a fortune beyond all her expectations and a dangerous mission in a world she never knew existed Reining in demons and supernatural foes is a formidable task but thankfully Jayn has vast resources and loyal allies to rely on She'll need both to tackle a bodyswitching serial killer who's taken up residence in New Orleans a city rich in voodoo lore and dark magic Working alongside Karen Black a highly confident and enigmatic ex-FBI agent Jayn races to track down the demon's next intended host But the closer she gets the more convinced she becomes that nothing in this beautiful wounded city is exactly as it seems When shocking secrets come to light and jealousy and betrayal turn trusted friends into adversaries Jayn will soon come face to face with an enemy that knows her all too well and won't rest until it has destroyed everything she loves most

The Darker Angels of Our Nature Philip Dwyer, Mark Micale, 2021-08-12 In *The Better Angels of Our Nature* Harvard psychologist Steven Pinker argued that modern history has witnessed a dramatic decline in human violence of every kind and that in the present we are experiencing the most peaceful time in human history But what do top historians think about Pinker's reading of the past Does his argument stand up to historical analysis In *The Darker Angels of our Nature* seventeen scholars of international stature evaluate Pinker's arguments and find them lacking Studying the history of violence from Japan and Russia to Native America Medieval England and the Imperial Middle East these scholars debunk the myth of non-violent modernity Asserting that the real story of human violence is richer more interesting and incomparably more complex than Pinker's sweeping simplified narrative this book tests and bests fake history with expert knowledge

Goliath's Curse Luke Kemp, 2025-09-23 A NEXT BIG IDEA CLUB'S MUST READ BOOK A radical retelling of human history through the cycle of societal collapse a Cassandra-like warning about the path today's oligarchs have set and a sweeping and dire vision of a world on the brink Publishers Weekly starred review Deeply sobering and strangely inspiring Read it now or your descendants will find it in the ruins Johann Hari author of *Stolen Focus* Anyone who doubts the importance of this conversation hasn't been paying attention Bill McKibben author of *Here Comes the Sun* 12,000 years ago human history changed forever when the egalitarian groups of hunter-gathering humans began to settle down and organize themselves into hierarchies The few dominated the many seizing control through violence What emerged were Goliath's large societies built on a collection of hierarchies that are also terrifyingly fragile collapsing time after time across the world Today we live in a single global Goliath one that is precariously interdependent under threat from nuclear war climate change and the existential risks of AI The next collapse may be our last In *Goliath's Curse* Cambridge scholar Luke Kemp conducts a historical autopsy on our species from the earliest cities to the collapse of modern states like Somalia Drawing on historical databases and the latest discoveries in archaeology and anthropology he uncovers groundbreaking revelations More democratic societies tend to be more resilient A modern collapse

is likely to be global long lasting and more dire than ever before Collapse may be invisible until after it has occurred It is possible we are living through one now Collapse has often had a more positive outcome for the general population than for the 1% All Goliaths contain the seeds of their own demise As useful for finding a way forward as it is for diagnosing our precarious present Goliath's Curse is a stark reminder that there are both bright and dark sides to societal collapse that it is not necessarily a reversion to chaos or a dark age and that making a more resilient world may well mean making a more just one

Medieval Murder: A History, 1300 - 1500 Trevor Dean, 2025-12-31 This book explores the many types of medieval murder and many types of medieval murderers from men killing other men in anger envy or revenge to women killing their husbands or their infants from plotters assassinating their rulers to Christian mobs massacring Jews Over six chapters this book discusses the interpretation and debates surrounding murder It analyses murder in the frame of Christian theology the development of medieval law and its distinctions among other types and causes of homicide It also looks into the links around gender and murder analysing why men predominate in murder and so few women commit it during the medieval period This book also looks at political assassinations and the variety and evolution of punishment for homicide Finally it compares and contrasts fictional narration of homicide in two literary masterpieces to those in saints lives and miracle stories **Medieval Murder A History 1300 1500** will appeal to students and scholars alike interested in medieval law politics society theology and literature as well as all those interested in medieval history in general *The Dark Angel* H.
