Martha's Vineyard Insight Guides, Insight Guides Staff, Joseph Schreiber, 1998. The Compact Formula. First orientation is provided by the backcover map. It shows you the island's layout and highlights the location of suggested routes described in the main Places section of the guide. The routes provide the menu to the sights. Follow them right through or simply pick and choose according to your own particular taste and the time you have available. The star system highlights the importance of the main attractions, particularly useful if you're in a hurry: three stars, an absolute must; two stars, very interesting; one star, well worth seeing. Main sights have numbered references which allow you to locate them easily on strategically placed maps. Corresponding directly with the text, color photography throughout provides you with that vital visual link. Color coding provides easy access both to the routes and to the sections on Culture, Leisure, and Practical Information.
