Reaching for the Stars Mary Roslin-Williams,1999-12 In Reaching for the Stars Mary Roslin Williams analyzes what qualities make a good breeder and the problems they have in reaching the top of their field *Solving the Mysteries of Breed Type* Richard G. Beauchamp,2012-05-08 Solving the Mysteries of Breed Type is one of the leading titles in the Kennel Club Pro™ series targeted at experienced and avid dog fanciers who demand the absolute best This book is the standard against which all other dog breeding books will be measured **Gundogs** David Hancock,2013-08-31 This book is about gundogs those ever willing companions of both sportsmen and discerning dog owners Gundogs is not a manual covering training grooming nutrition and dog care it is very much a celebration of the gundog s contribution to the sporting and companion dog scene an examination of their past their performance and their prospects in an increasingly urban society

Painstakingly researched it covers the well known recognized breeds and the more obscure ones from overseas some quite unknown to the British public David Hancock s earlier books have been highly praised as have his many articles in sporting magazine in the last thirty years When reviewing one of his previous books the revered writer on sporting dogs the late Brian Plummer described it as a masterpiece Reviewing his Sporting Terriers Dogs in Canada magazine stated that it has the quality of a classic A reviewer of his last book Sighthounds stated that Hancock s work provokes thinking in the reader the way a good discussion stimulates and refreshes our minds A Canadian reviewer of another of his books gave the view that David Hancock is perhaps the most important living writer about dogs A comprehensive survey of the gundog s origins its role and its future Gundogs is essential reading for all those with an interest in these loyal dogs especially gundog and country sport enthusiasts Meticulously researched and packed with information it covers the well known recognized breeds as well as more obscure ones Superbly illustrated with 360 colour and black white photographs David Hancock has studied dogs for over half a century and is a past winner of the Dog Writers Association of America *Dogs of the Shepherds* David Hancock,2014-08-31 *Dogs of the Shepherds* is a book for all those who admire the most valuable of all the working dogs the pastoral breeds sheepdogs cattle dogs and flock protection dogs the indispensable farmer s servants and companion dogs for thousands of proud dog owners across the globe Painstakingly researched and packed with information this book is not a manual covering training grooming nutrition and dog care it is very much a reflective review of the pastoral dogs contribution to the working and companion dog scene It is a searching examination of their past their performance and their prospects in an increasingly urban society Essential reading for all those with an interest in these handsome and quite admirable dogs and lavishly illustrated throughout *The Complete Idiot's Guide to Labrador Retrievers* Joel Walton,Eve Adamson,1999 Far and away the most popular breed of dog in the United States the Labrador and his special needs are profiled in this step by step guide 8 page color insert **The Simple Guide to Labrador Retrievers** Sheila Webster Boneham,2003 On a late summer day along the shores of Nova Scotia a young woman makes a mistake that will claim her life while at the other end of the beach her brother Damian is unaware that she is drowning Beginning with this shattering event Anne Simpson s mesmerizing novel unfolds in unexpected ways A year after the accident Damian and his mother Ingrid travel to Niagara Falls to scatter Lisa s ashes and to visit Ingrid s estranged brother once a famous daredevil of the Falls now blind and his mentally disabled son But old wounds and new misunderstandings soon collide Damian burdened by guilt finds solace in an intense relationship with a girl he first glimpses in a tattoo parlour A runaway with dreams of New York City Jasmine has her own reasons for wanting to escape the past Meanwhile Ingrid having reluctantly returned to her childhood home finds herself at odds with her brother and besieged by memories As the summer progresses each of them becomes caught in the pull of the past until an act of recklessness shocks them into a new course for the future In startling luminous language Anne Simpson captures both the natural beauty and tawdry eccentricity of Niagara Falls while evoking the
