Steven Vincent,2011-01-12 This book advances a new interpretation of the timing and character of French and more broadly European liberalism and contributes to the ongoing debate concerning the place of morality sociability and conceptions of the self in modern liberal thought *Benjamin Constant, his private life, etc* E. W. Schermerhorn,1924 Adolphe ; And, The Red Note-book Benjamin Constant,1948 This charming story paints the literary life of Paris in the nineteenth century Sylvestre Bonnard a retiring philologist and bachelor upon finding the daughter of his long ago love resolves to provide for her and supply her with a dowry However she already has a guardian After a series of incidents and learning that she is being badly treated Bonnard is driven to abduct her He escapes prosecution and eventually is appointed her guardian When

Jeanne his ward marries he sells his treasured library to secure her dowry guiltily withholding a few volumes and retires to the country Critics have split over just what is the crime referred to in the title Is it the crime of abduction of which Bonnard is guilty or the crime of retaining a few beloved books from auction or is his rescue of Jeanne from mistreatment a poignant irony making his crime one of benevolence in an inherently malignant social order It is the reader's call

**A Passion for Democracy** Tzvetan Todorov, 2007 The French Revolution rang the death knell not only for a form of society but also for a way of feeling and of living and it is still not clear as yet what did we gain from the changes Benjamin Constant was one of the first to draw up this dark diagnosis We no longer know how to love neither to believe nor to want As a result Heaven no longer offers hope the earth dignity the heart refuge But is it enough to deplore it Constant does not think so and having become the first French thinker of democracy he undertakes to seek remedies to the problem a political framework that guarantees the dignity of the individual without dissolving the social bond a religion stripped of its oppressive forms a love finding the place which is due to values higher than all the thrones of the earth
