Mathematical Commentaries in the Ancient World Karine Chemla,Glenn W. Most,2022-06-09 Comparative analysis of the techniques and procedures of important mathematical commentaries in five ancient cultures from China to Greece

Character and Comment William Dean Howells,1889 **Cultures of Computation and Quantification in the Ancient World** Karine Chemla,Agathe Keller,Christine Proust,2023-01-01 This book sheds light on the variety of mathematical cultures in general To do so it concentrates on cultures of computation and quantification in the ancient world mainly in ancient China South Asia and the Ancient Near East and offers case studies focused on numbers quantities and operations in particular in relation to mathematics as well as administrative and economic activities The various chapters focus on the different ways and contexts of shaping numbers and quantities and on the procedures applied to them The book places special emphasis on the processes of emergence of place value number systems evidenced in the three geographical areas under study All these features yield essential elements that will enable historians of mathematics to further capture the diversity of computation practices in their contexts whereas previous historical approaches have tended to emphasize elements that displayed uniformity within civilizational blocks The book includes editions and translations of texts some of them published here for the first time maps and conventions for editions of ancient texts It thereby offers primary sources and methodological tools for teaching and learning The volume is aimed at historians and philosophers of science and mathematics historians of the ancient worlds historians of economics sinologists indologists assyriologists as well as undergraduate graduate students and teachers in mathematics the history and philosophy of science and mathematics and in the history of ancient worlds *Dostoevsky's The Idiot and the Ethical Foundations of Narrative* Sarah J. Young,2004

Provides an innovative theoretical framework for an analysis that integrates structural and narratological considerations with thematic religious and ethical aspects by focusing on the characters interactivity as the most fundamental level on which the ethical systems of the novel are enacted Examines the questions of what ethical bases are put forward by the novel what faith issues and philosophical world views they derive from and how in terms of structuring and narration rather than simply thematically they are presented in the novel Through the concept of scripting the author shows how the ethical becomes the foundation for the narratological in *The idiot* Back cover **Milton's Rabbinical Readings** Harris Francis Fletcher,1930

Great Characters of the Old Testament Robert William Rogers,1920 **An Exposition of the Lore of the Avesta, in Catechetical Dialogue** Lawrence Heyworth Mills,1916 *A Catalogue of Sanskrit Literature* Trübner & Co,1875
