Charles Sumner Zaakir Tameez,2025-06-03 A thorough recounting of the great legislator s life and deed unlikely to be bettered anytime soon Tameez is expert at explaining Sumner s legal thought One cannot help wishing we had a Charles Sumner in Washington today The New York Times An excellent book about the courageous Massachusetts senator Drawing from hundreds of letters articles and speeches Mr Tameez has created a remarkable portrait of a complex man who faced many personal challenges Charles Sumner is a moving portrayal of a courageous long overlooked American who in the words of one contemporary stood in the vanguard of Freedom Wall Street Journal A landmark biography of Charles Sumner the unsung hero of the American Civil War and Reconstruction Charles Sumner is mainly known as the abolitionist statesman who suffered a brutal caning on the Senate floor by the proslavery congressman Preston Brooks in 1856 This violent episode has obscured Sumner s status as the most passionate champion of equal rights and multiracial democracy of his time A friend of Alexis de Tocqueville an ally of Frederick Douglass and an adviser to Abraham Lincoln Sumner helped the Union win the Civil War and ordain the Emancipation Proclamation the Thirteenth Amendment the Freedmen s Bureau and the Civil Rights Act of 1875 In a comprehensive but fast paced narrative Zaakir Tameez presents Sumner as one of America s forgotten founding fathers a

constitutional visionary who helped to rewrite the post Civil War Constitution and give birth to modern civil rights law He argues that Sumner was a gay man who battled with love and heartbreak at a time when homosexuality wasn't well understood or accepted And he explores Sumner's critical partnerships with the nation's first generation of Black lawyers and civil rights leaders whose legal contributions to Reconstruction have been overlooked for far too long An extraordinary achievement of historical and constitutional scholarship Charles Sumner brings back to life one of America's most inspiring statesmen whose formidable ideas remain relevant to a nation still divided over questions of race democracy and constitutional law

The Complete Works of Charles Sumner Charles Sumner, 2020-09-28 The speeches of Charles Sumner have many titles to endure in the memory of mankind They contain the reasons on which the American people acted in taking the successive steps in the revolution which overthrew slavery and made of a race of slaves freemen citizens voters They have a high place in literature They are not only full of historical learning set forth in an attractive way but each of the more important of them was itself an historical event They afford a picture of a noble public character They are an example of the application of the loftiest morality to the conduct of the State They are an arsenal of weapons ready for the friends of Freedom in all the great battles when she may be in peril hereafter They will not be forgotten unless the world shall attain to such height of virtue that no stimulant to virtue shall be needed or to a depth of baseness from which no stimulant can arouse it Mr Sumner held the office of Justice of the Peace and that of Commissioner of the Circuit Court to which he was appointed by his friend and teacher Judge Story He was a member of the convention held in 1853 to revise the Constitution of the Commonwealth of Massachusetts With these exceptions his only official service was as Senator in Congress from Massachusetts from the 4th of March 1851 when he was just past forty years of age until his death March 9 1874 If his career could have been predicted in his earliest childhood he could have had no better training for his great duties than that he in fact received He was one of the best scholars in the public Latin School in Boston He received the Franklin medal from the hands of Daniel Webster who told him that the state had a pledge of him His school life was followed by four years in Harvard College and a course at the Harvard Law School where he was the favorite pupil of Judge Story He was an eager student of the Greek and Roman classics But his special delight was in history and international law After his admission to the bar he was reporter of the decisions of his beloved master and edited twenty volumes of the equity reports of Vesey Jr which he enriched with copious and learned notes A little later when he was twenty six years old he spent a month in Washington tarrying a short time in New York on his way In that brief period he made life long friendships with some famous men including Chancellor Kent Judge Marshall and Francis Lieber He had a rare gift for making friendships with men especially with great men and with women With him in those days an acquaintance with any person worth knowing soon ripened into an indissoluble friendship A few years later he spent a little more than two years in Europe coming home when he was just past twenty nine years old That time was spent in attending courts lectures of eminent professors and in society

No house which he desired to enter seems to have been closed to him Statesmen judges scholars beautiful women leaders of fashionable society welcomed to the closest intimacy this young American of humble birth with no passport other than his own character and attainment It is hardly too much to say that the youth of twenty nine had a larger and more brilliant circle of friendship than any other man on either continent The list of his friends and correspondents would fill many pages He says in a letter to Judge Story what would seem like boasting in other men but with him was modest and far within the truth I have a thousand things to say to you about the law circuit life and the English judges I have seen more of all than probably ever fell to the lot of a foreigner I have had the friendship and confidence of judges and of the leaders of the bar Not a day passes without my being five or six hours in company with men of this stamp My tour is no vulgar holiday affair merely to spend money and to get the fashions It is to see men institutions and laws and if it would not seem vain in me I would venture to say that I have not discredited my country I have called the attention of the judges and the profession to the state of the law in our country and have shown them by my conversation I will say this that I understand their jurisprudence
