The Salad Rhapsodies Drew B David,2016-08-28 A semi long visual pattern concrete poem by Drew B David crafted expressly for millennial tastes Is Dada dead or has it been mysteriously resurrected in a new nefarious iteration You decide This is the first of a three volume set *Code Red* E.J. Dionne,2020-02-04 An exquisitely timed book Code Red is a worthwhile exploration of the shared goals and shared enemies that unite moderates and progressives But more than that it is a sharp reminder that the common ground on which Dionne built his career has been badly eroded with little prospect that it will soon be restored The New York Times Book Review New York Times bestselling author and Washington Post columnist E J Dionne Jr sounds the alarm in Code Red calling for an alliance between progressives and moderates to seize the moment and restore hope to America s future for the 2020 presidential election Will progressives and moderates feud while America burns Or will these natural allies take advantage of the greatest opportunity since the New Deal Era to strengthen American democracy foster social justice and turn back the threats of the Trump Era The United States stands at a crossroads Broad and principled opposition to Donald Trump s presidency has drawn millions of previously disengaged citizens to the public square and to the ballot boxes This inspired and growing activism for social and political change hasn t been seen since the days of Franklin Roosevelt s New Deal policies and the Progressive and Civil Rights movements But if progressives and moderates are unable and unwilling to overcome their differences they could not only enable Trump to prevail again but also squander an occasion for launching a new era of reform In Code Red award winning journalist E J Dionne Jr calls for a shared commitment to decency and a politics focused on freedom fairness and the future encouraging progressives and moderates to explore common ground and expand the unity that brought about Democrat victories in the 2018 elections He offers a unifying model for furthering progress with a Politics of Remedy Dignity and More one that solves problems resolve disputes and moves forward that sits at the heart of the demands for justice by both long marginalized and recently displaced groups and that posits a positive future for Americans with more covered by health insurance more with decent wages more with good schools more security from gun violence more action to roll back climate change Breaking through the partisan noise and cutting against conventional wisdom to provide a realistic look at political possibilities Dionne offers a strategy for progressives and moderates to think more clearly and accept the responsibilities that history now imposes on them Because at this point in our national story change can t wait California.
