

FABLES, MYTHS AND OTHER CONTEMPORARY EXPRESSIONS

INTRODUCTION

The fable, in this book like modifies his presentation and just as Phaedrus baptized his fable-like esopic wanting to give them their own orientation, in the same way, they are called Fables and Contemporary Expressions, inspired by teachers like: Lafontaine, Baidaba, Aesop among others, where some characters that come on stage allude to the modernity.

I am aware that although I act against the behavior of some beings in the animal kingdom attributing to them behaviors that in them they will never present themselves, they must understand that I do it with the best intention to highlight attitudes of humans who leave a lot to be desired and that I am sure no irrational person will envy.

Now, if providence were to give one of them the ability to understand what is expressed here, they would be entirely within their rights to place me in the public square and I wouldn't have a way to justify my actions.

THE BOTTLES

A bottle of glass what was on a table approached her companion from plastic. My friend, said the first: Your outfit is opaque and does not allow you to flaunt your charms like I do. That's how the two were chatting very friendly, one was boasting about her embellished outfit, while the other observed her own attire, with deep disillusionment. Little by little they advanced through the place prepared for the guests and without realizing it, at the edge they arrived and went down, the glass bottle was left in a thousand pieces and the other stumbling to a corner she ended up, coming out unscathed from that mishap. She got up immediately and raising her eyes to the sky gave thanks, rejoicing in having that image that moments before he had underestimated. We must be grateful for those things that nature gives us.

HUNTER HUNTED

On the sea floor, a mudskipper was getting ready for the hunt, and with its antenna as bait, it caught many little fish. One day a fish crossed accompanied by several of its fry and one of them, seeing something move, tried to catch it. "Stop!", shouted its parent. Holding it firmly, that which looks like a rod from whose end hangs something like a branch, is the antenna of the frogfish, which it uses as bait and whichever fish approaches it with a bite, swallows it. He had not finished saying those words when from above came down a baited line, the mudskipper saw it and jumped to catch it, but unfortunately for the hunter, it became the hunted. The lesson, for the little fish, it was assimilated because the sky allowed them to witness it with their eyes. Those who have the privilege are the ones who have the opportunity to witness a fatal event, without anything happening to them.

THE LION AND THE HYENAS

Seeing the lion king being pursued by the hyenas, he decided to make them a proposal. Ladies hyenas, he said with utmost courtesy: if you Well, they have and forgive me my life, I cede my throne to whoever you deem should be the chosen one. The hyenas accepted the proposal, I will be!, said one, the others said the same and thus they stirred up the commotion, wanting to take the throne that they all aspired to. They faced each other with infinite harshness, blood through the meadow she ran until only one was left alive. Tired and battered the winner of the contest, gazed at the lion in all its magnificence, who looked at her with a fierce gaze. Without daring to say anything, she gave half-turn feeling terrified into the depths of the jungle with its tail between its legs. The one who in group it gets excited, when it find only the one who shrinks.

THE ALOEVERA

A aloe vera that lived in a closed enclosure was accused of witchcraft. It was very strange that from there would only live, and hanging from the walls of ironment she would be nourished. Held by a donkey, a monkey, and a rooster, she was interrogated: if to survive you don't need food, don't you think that is that witchcraft? The aloe vera smiled upon realizing the ignorance of that trio, explaining what was really happening. That's how it was that regained his freedom prevailing reason over gossip. When a matter is not understood, it is better to remain silent than to contend with it.

THE TWO FROGS

Two frogs that lived on opposite banks of the same swamp accidentally met in the center. "I have traveled a lot," said the one; and me too, the other replied. An experienced fish that was listening to them from a prudent distance decided to join the conversation. Naive You two, for saying that you know when in reality you have seen nothing. I have lived here long before you were born and I know that never... From this place, they have left, stop pretending, do not say so much nonsense. The frogs, after hearing it, left embarrassed. Lies for the sake of appearing can end in failure.
