Bewitching Braid:

The Bewitching Braid David Brookshaw, 2004-08-01 The *Bewitching Braid* set in Macau in the 1930s is a tale of forbidden love between a Macanese boy from a privileged family in the Christian city and a beautiful water seller from the Chinese quarter of Cheok Chai Un. Against a background of small town prejudice the story traces the trials and tribulations of the couple in their attempts to be accepted in their respective communities and to understand each other across their cultural divides. The novel is a look into the inner world of the Eurasian inhabitants of the city and their relationship with their Chinese and Portuguese legacies. Here Senna Fernandes depicts the emergence of a new more liberal Macao in which its Portuguese and Chinese traditions are harmonized by true love. The original Portuguese version *A Tranca Feiticeira* was made into a successful film in 1997.

Macao - Cultural Interaction and Literary Representations Katrine K. Wong, C.X. George Wei, 2013-10-15 Macao the former Portuguese colony in southeast China from the 1550s until its return to China in 1999 has a long and very interesting history of cultural interaction between China and the West. As an entity with independent political power and a unique social setting and cultural development the identity of Macao's people is not only indicative of the legacy and influence of the region's socio-historical factors and forces but it has also been altered, transformed and maintained because of the input, action, interaction and stimulation of creative arts and literatures. Held together by racial accommodation and tolerance and active cultural interactions Macao's phenomenon can be characterized as hybridization. This book is a presentation of the ongoing hybridization of Macao and is in itself a hybrid covering a wide range of issues. Putting forward substantial new research findings the book explores the nature of cultural interaction in Macao and how the city has been constructed and perceived through literature and other art forms. It is a companion volume to *Macao: The Formation of a Global City*.

Human Rights and the Arts Lily Cho, Susan J. Henders, 2014-10-23 *Human Rights and the Arts: Perspectives on Global Asia* approaches human rights issues from the perspective of artists and writers in global Asia. By focusing on the interventions of writers, artists, filmmakers and dramatists the book moves toward a new understanding of human rights that shifts the discussion of contexts and subjects away from the binaries of cultural relativism and political sovereignty. From Ai Wei Wei and Michael Ondaatje to Umar Kayam, Saryang Kim, Lia Zixin and Noor Zaheer among others this volume takes its lead from global Asian artists powerfully re-orienting thinking about human rights subjects and contexts to include the physical, spiritual, social, ecological, cultural and the transnational. Looking at a range of work from Tibet, Indonesia, Sri Lanka, India, China, Bangladesh, Japan, Korea, Vietnam and Macau as well as Asian diasporic communities this book puts forward an understanding of global Asia that underscores Asia as a global site. It also highlights the continuing importance of nation states and specific geographical entities while stressing the ways that the human rights subject breaks out of these boundaries. Many of these works are included in the companion volume *Human Rights and the Arts in Global Asia: An Anthology* also published by Lexington Books.

Luso-Orientalism(s)—On Imagined Projections And

Ruins Maria do Carmo Piçarra, 2026-01-01 This book aims to explore the multiple ways in which Portuguese colonialism in former Portuguese Asia has been imagined It focuses primarily on how Estado Novo 1933 1974 the longest running European dictatorship imagined these territories and peoples Images played a pivotal role in the exercise of colonial power propagating established ideas and portraying a colonial reality entirely from a Western perspective Scarce existing studies rarely acknowledge the need to differentiate between the specificities glossed over by Luso tropicalist and Luso orientalist discourse Despite their propagandistic nature and their impact on the socio cultural memories and narrative identities of the former Portuguese territories in Asia visual representations of colonialism have largely remained unquestioned By analysing the impact of such representations in cinema photography and literature among other media the book aims to distinguish between the circumstances of Portuguese India Macau and Timor while also considering anti post colonial ruptures and persistences

Gateway to Eurasian Culture (2005 Edition - EPUB) Asiapac Editorial, 2018-10-08 The famous author Rudyard Kipling once wrote East is East and West is West and never the twain shall meet Yet they have met in the Eurasian people blending cultures and world views profoundly alien to each other From the surprising blend of flavours in Eurasian cuisine to their distinctive language and customs synthesis and fusion are the keywords that define the Eurasian people long before the concept was popularised by the rise of the global village What does it mean to be Eurasian Bridging the traditional divide between East and West the Eurasian people are able to draw on an unmatched wealth of traditions for inspiration in the arts and cuisine Join us on a voyage of discovery as we explore the rich and unique heritage of a true world culture in this part of the Asiapac Culture series

Portuguese and Luso-Asian Legacies in Southeast Asia, 1511-2011, vol. 1 Laura Jarnagin, 2003-08-01 In 1511 a Portuguese expedition under the command of Afonso de Albuquerque arrived on the shores of Malacca taking control of the prosperous Malayan port city after a swift military campaign Portugal a peripheral but then technologically advanced country in southwestern Europe since the latter fifteenth century had been in the process of establishing solid outposts all along Asia's litoral in order to participate in the most active and profitable maritime trading routes of the day As it turned out the Portuguese presence and influence in the Malayan Peninsula and elsewhere in continental and insular Asia expanded far beyond the sphere of commerce and extended over time well into the twenty first century Five hundred years later a conference held in Singapore brought together a large group of scholars from widely different national academic and disciplinary contexts to analyse and discuss the intricate consequences of Portuguese interactions in Asia over the longue duree The result of these discussions is a stimulating set of case studies that as a rule combine original archival and or field research with innovative historiographical perspectives Luso Asian communities real and imagined and Luso Asian heritage material and symbolic are studied with depth and insight The range of thematic chronological and geographic areas covered in these proceedings is truly remarkable showing not only the extraordinary relevance of revisiting Luso Asian interactions in the longer term but also the surprising dynamism within an area of studies
