## **Allied Aces:**

**Aces High, Volume 1** Christopher Shores, Clive Williams, 2008-09-18 First in the Aces High series a military reference of the fighter pilots who had five or more confirmed victories while serving in the Royal Air Force Introduced by the French quite early in World War I the term ace was used to describe a pilot credited with five or more aerial victories But in the United Kingdom the term was never officially recognized Becoming an ace was partly luck especially considering the campaigns in which they flew and the areas of combat There are three distinct kinds of aces the defensive ace the offensive ace and the night fighter This book is a revised collection of the biographies of the highest scoring Allied fighter pilots of World War II including those with the confirmed claims of shooting down five aircraft and those pilots with lower scores but whose wartime careers prove them worthy of inclusion All details of their combat are arranged in tabular form Included are a selection of photographs from hitherto private collections There are some authors whose name alone is sufficient reason to buy a book and Christopher Shores is surely one of these By profession a chartered surveyor he served in the Royal Air Force in the 1950s so his writing bears the stamp of authenticity HistoryNet

**Aces High** Bill Yenne, 2009-02-03 Capturing the hearts of a beleaguered nation the fighter pilots of World War II engaged in a kind of battle that became the stuff of legend They cut through the sky in their P 38s to go one on one against the enemy and those who survived the deadly showdowns with enough courage and skill earned the right to be called aces But two men in particular rose to become something more They became icons of aerial combat in a heroic rivalry that inspired a weary nation to fight on Richard Dick Bong was the bashful pink faced farm boy from the Midwest Thomas Tommy McGuire was the wise cracking fast talking kid from New Jersey What they shared was an unparalleled gallantry under fire which won them both the Medal of Honor and remains the subject of hushed and reverent conversation wherever aerial warfare is admired What they had between them was a closely watched rivalry to see who would emerge as the top scoring American ace of the war What they left behind is a legacy of pride we will never forget and a record of aerial victories that has yet to be surpassed anywhere in the world [Aces Against Germany](#)

Eric Hammel, 2020-12-05 ACES AGAINST GERMANY The American Aces Speak Volume II Eric Hammel In the second volume of his critically acclaimed series The American Aces Speak noted military historian Eric Hammel brings fresh first person accounts from thirty nine U S Army Air Corps fighter aces who blasted their way across the skies of North Africa the Mediterranean and northern and southern Europe in the great crusade against Hitler's vaunted Luftwaffe and the other Axis air forces Coupled with a clear concise historical overview of America's brilliant air war against the Axis in Europe and North Africa Hammel's detailed interviews bring out the most thrilling in the cockpit experiences of some of our country's best pilots Climb aboard a P 38 Lightning as Maj Bill Leverette fights America's highest scoring single personal air battle against the Luftwaffe And get into the cockpit of a P 47 Thunderbolt as 15 victory ace Capt Don Bryan scores his dream kill by outwitting the pilot of a far speedier German jet in the closing days of the war in Europe As he did in four companion

volumes Hammel has collected some of the very best air combat tales from America's war against Germany. Nearly all the stories in *Aces Against Germany* have never before been told and the others have been enhanced by details and viewpoints brought out by Hammel's superb interviewing. Together the five volumes of nearly 200 first person aerial combat stories from World War II, Korea, and Vietnam stand as an enduring testament to the combat airmen who fought their wars strapped into the cockpits of America's lethal high performance fighter aircraft. *Aces Against Germany* is a highly charged emotional rendering of the now dim days of personal combat at the very edge of our living national history. There was never a war like it and there never will be again. These are the stories of America's eagles in their very own words. Critical Acclaim for The American Aces Speak Series: The Book World says *Aces Against Japan* is a thunderous personal high adventure book giving our men in the sky their own voice. Book Page says Eric Hammel's book is recommended reading. It is a must for any historian's bookshelf. The Library Journal says No PR hype or dry as dust prose here. Hammel allows his flyers to tell their stories in their own way. Exciting stuff aviation and World War II buffs will love. The Providence Sunday Journal says A treat that deftly blends a chronology of the Pacific War with tales that would rival a Saturday action matinee. Infantry Magazine says If you would like to read one book that will give you a broad overview and yet a detailed look at what a fighter pilot's air war was like this is the book. The Bookshelf says Hammel is one of our best military historians when it comes to presenting that often complex subject to the general public. He has demonstrated this facility in a number of fine books before *Aces Against Germany* and now he does so again. Not to be missed by either buff or scholar. *Day Fighter Aces of the Luftwaffe 1943-45* Neil Page, 2020-08-31 The second volume of this excellent overview of Germany's World War II fighter pilots filled with photos, maps, and aircraft profiles. *Air Power History* This volume of *Day Fighter Aces of the Luftwaffe* traces the story of the Luftwaffe's day fighter arm from 1942 through to the end of the war in Europe covering missions over Russia in 1943, over the West, and the Reich, the Eastern Front, and the Mediterranean. Organized campaign by campaign, this chronological account interweaves brief biographical details, newly translated personal accounts, and key moments in the careers of a host of notable and lesser known Luftwaffe aces. Fully illustrated with 200 contemporary photographs, maps, and profiles of the aircraft flown by these aces, this is a visual delight for anyone with an interest in the day fighter aces of the Luftwaffe. **The Dream of Civilized Warfare** Linda Raine Robertson, 2003 In *The Dream of Civilized Warfare* Robertson presents the compelling story of the creation of the first American air force and how through the propaganda of the flying ace, a vision of clean or civilized combat was sold to politicians and the public. She traces the long history of the American desire to exert the nation's will throughout the world without having to risk the lives of ground soldiers, a theme that continues to reverberate in public discussions, media portrayals, and policy decisions today. *The Americana*, 1923 [National Geographic](#), 1918 *Top Gun* Dwight Jon Zimmerman, 2019-05-07 Fly with the best in *Top Gun: 50 Years of Naval Air Superiority*, the definitive highly illustrated in depth look at the Navy's famous fighter unit including its history, technology, and culture. *Top Gun 50*

Years of Naval Air Superiority begins with a fascinating behind the scenes account of the blockbuster film that helped America shake off the trauma of the Vietnam War and once again take pride in its military The book then launches into the even more incredible story of why and how such men consistently capture the imagination of children adults pilots and audiences around the world Chapters spotlight pivotal military movies and television shows that presaged the movie Top Gun including edge of the seat vignettes and anecdotes of pilots and their lifestyles the origin of the Navy s fighter pilot program and its rigorous training and how it inspired the Air Force s counterpart Red Flag Other chapters highlight what it takes to be a pilot in other branches of the armed forces and takes a look back in time at the most notorious and feared pilots of World War I and World War II from all around the globe Fast forward to the jet age when the first aces flew hair raising missions over Korea and Vietnam and learn how past and contemporary aerial dogfighting really works The book also reveals the many technological advances that transformed aerial combat from the dangerous unsynchronized machine guns that bounced bullets off propellers in World War I to today where air to air missiles are launched by pilots who have no visual contact with an adversary and finally illustrates how drones are adding a new dimension to the meaning of Top Gun Finish with an in depth look at Naval Station Fallon one of the most modern and renowned American naval stations located outside Fallon Nevada Top Gun 50 Years of Naval Air Superiority concludes with a look at Top Gun 2 the highly anticipated sequel to one of the biggest action movies of all time and the one that made Tom Cruise a worldwide superstar Featuring over 200 photos new interviews and stories from aces engineers commanders and more and written by best selling author and president of the Military Writers Society of America Dwight Zimmerman Top Gun 50 Years of Naval Air Superiority is the must have guide to the fastest deadliest most storied aerial combat squadron the world has ever known **Forgotten Allies**

J. Lee Ready,1985-01-01 Many nations played a role as belligerents on the Allied side in World War II Many were in the thick of combat and made grave national sacrifices yet general histories mention them only briefly or omit their story entirely The assisting troops are given their due in this unique comprehensive and readable history Included are chapters about land and sea troops from such countries as Fiji Trans Jordan Luxembourg Brazil Iran and Nigeria as well as Maori Assyrians Gurkhas Free Poles and others Knowing the lines drawn more than 70 years ago between sides will enable anyone to understand better national enmities and relations today **Wolfram Von Richthofen** James S. Corum,2008 The first book length biography of the Luftwaffe s top field commander Wolfram von Richthofen a master of the tactical and operational air war one of the key catalysts in the resurrection of the German air force and an ardent and unwavering follower of the Fuhrer

**Flying** ,1919 **The National Geographic Magazine** ,1918 Indexes kept up to date with supplements **The American Air Service** Arthur Sweetser,1919 **Among Our Books** Carnegie Library of Pittsburgh,1920 **Motor Travel** ,1919 **The Outlook** ,1918 *Allied Fighter Aces* Mike Spick,1997 A detailed examination of the aircraft and tactics of the top aces in every major theater of the air war **Collier's** ,1917 **Our Paper** ,1918 *Aerial Age Weekly*

,1919
